(2) The State Services Examination shall consist of two successive stages as under:

(i) (a) **Preliminary Examination**- for selection of candidates for the Main Examination (Objective type questions).

(b) **Main Examination**- for final selection of candidates for the various services and posts mentioned above Main Examination (written and interview). The scheme of examination and syllabi of different subjects would be as given under Appendix I, II and III, respectively.

Examination Fees shall be payable as specified in Appendix-IV

(ii) All candidates, irrespective of their preference for a particular service/post, will have to appear in the same number of question papers as mentioned in the scheme for examination (Appendix-I). Only in case of candidates applying for the posts of District Organiser (Tribal Welfare) and Area Organiser (Tribal Welfare), preference will be accorded to those who offer **SOCIOLGY** as one of their optional subjects.

4. (1) The candidates obtaining minimum marks in the preliminary examination, as decided by the commission, shall be listed in the order of merit according to marks obtained by them. Out of these candidates at the most as many as equal to fifteen times the total number of vacancies under various categories besides including those, if any, who obtained equal number of marks will be deemed to qualify for the Main Examination and the result of the Preliminary Examination shall be declared accordingly. The list of candidates belonging to Scheduled Castes, Scheduled Tribes, Other Backward Classes, ex-serviceman and physical handicapped qualifying for the Main Examination, shall be prepared separately and their results declared accordingly. Preliminary Examination will serve only as a screening test for selecting candidates for the Main Examination and the marks obtained in this examination will not be considered at the time of the final selection of the candidates.

(2) The merit list of the candidates appearing in the Main Examination and obtaining such minimum marks, as decided by the commission, will be prepared category-wise in the order of total marks obtained by them in the Main Examination and candidates equal to three times the total number of advertised posts under various services will be deemed to qualify for being called for interview, besides including those, if any, who obtain equal number of marks. Similarly a separate list of candidates belonging to Scheduled Castes, Scheduled Tribes, Other Backward Classes, Ex-Servicemen and Physically Handicapped (Disabled) Class, who qualify for being called for interview, shall be prepared.

(3) (a) After the interview the candidates will be listed by the commission in the order
of merit, according to the aggregate of marks obtained by them in the Main Examination and the interview taken together.

Due consideration will be given, while recommending a candidate for a particular service, to the preference, if any, expressed by him/her in the preference sheet, at the time of interview, subject to the following conditions:-

(i) Preference sheet for the advertised posts is obtained from the candidates at the time of the interview and the candidate is selected in the order of merit according to the order of preference shown in this preference sheet. Once the preference sheet has been submitted, no change/amendment therein shall be permitted thereafter and no representation will be considered in this regard.

(ii) The candidates will be considered for selection only for those posts and in the order as indicated by him/her in the preference sheet. They will not be considered for any post not mentioned by them in the preference sheet, irrespective of the fact that in the order of merit they are eligible for selection to those posts.

(iii) If a candidate has not submitted the preference sheet duly filled in, to the commission, or has submitted the preference sheet without his/her signature or has not expressed any choice/preference whatsoever in the preference sheet, will be considered for all posts in the order in which these have been listed in the advertisement.

(iv) The above principles shall also apply while preparing supplementary selection list.

(b) Merit list for each post in the case of candidates belonging to Scheduled Castes, Scheduled Tribes, Other Backward Classes, Physically Handicapped and Ex-Servicemen, will be similarly prepared separately, to the extent of vacancies reserved for them. THE RESULT OF THE CANDIDATE WILL BE DECLARED UNDER THE CATEGORY MENTIONED BY HIM/HER IN THE APPLICATION FORM. If a candidate belonging to Scheduled Castes, Scheduled Tribes or Other Backward Classes, by virtue of his aggregate marks, finds a place in the general list, he shall be shown in the general list. Such reserved category candidates shall be counted against unreserved posts only if they secure merit in all respects like a candidate of a general category, without any relaxation.

Such adjustment will be made only at the time of declaring the final selection results and not at the time of preliminary/main examination. Ex-servicemen/Physically Handicapped candidates will be selected only for such posts, under the class, as have been shown reserved for them in the advertisement.

(4) The commission shall also prepare a supplementary (waiting) list for each post to the extent of 25% of the total number of candidates figuring in the main list with a minimum of two names in each of such lists, but it shall not be more than the numbers of the main list.

5. On receiving the recommendations of the commission, the Government shall make such enquiries about the candidates, as it may deem fit in order to ensure that they are suitable in all respects for appointment to the posts concerned. The Government reserves the right to offer/decline appointment to the candidates.

6. Eligibility Conditions :-
   (1) Nationality - The candidate must be a citizen of India.
   (2) Minimum educational qualification - A candidate must hold a degree of any of the universities incorporated by an Act of the Central or State Legislature in India or other Educational Institutions established by an Act of Parliament or declared to be a deemed university under section 3 of the University Grants Commission Act 1956 or possesses an equivalent qualification.
Note-1  Candidates who have appeared in an examination, the passing of which would render them educationally qualified for the Commission’s examination, but have not been informed of the results, as also the candidates who intend to appear in such a next qualifying examination, will also be eligible for admission to the Preliminary Examination. All such candidates who are declared qualified by the Commission for taking the State Services (Main) Examination, will be required to produce compulsorily mark sheet/proof of passing the requisite examination along with their application form for the Main Examination. Application forms, not accompanied by the mark sheet/proof of passing the bachelor’s degree/equivalent qualifying examination, shall be rejected.

Note-2  Candidates possessing professional and technical qualifications, which are recognized by the State Government as equivalent to professional or technical degree, would also be eligible for admission to the examination.

(3) **Age-**

(a)  A Candidate must have attained the age of 21 (twenty-one) years and must not have attained the age of 30 (thirty) years on the first of January, following the date of publication of the advertisement:

  Provided that the upper age limit for the permanent residents of Madhya Pradesh has been fixed at 35 years vide General Administration Department circular no. C-3-5/2001/3/1 dated 17th of August 2004. But for the administrative posts of the Home (Police) Department, Excise Department and Jail Department, the maximum age limit will be governed by the provisions of their recruitment rules only:

  Provided further that the State Government may vary the lower and upper age limits for any of the services included in these rules, considering the exigencies of the services.

(b)  The upper age limit prescribed above, will be relaxable to the following extent:-

(i)  up to a maximum of five years : if a candidate domiciled in Madhya Pradesh belongs to a caste or tribe or other backward class which has been notified as scheduled caste or scheduled tribe or other backward class by the Government of Madhya Pradesh.

(ii)  up to a maximum of 3 years : if a candidate is a bonafide repatriate of Indian origin from:

  (1)  Burma, Who migrated to India on or after 1st June 1963; or

  (2)  Srilanka; who migrated to India after 1st November, 1964; or

  (3)  If the candidate is a bonafide displaced person from erstwhile East Pakistan (now Bangladesh) and had migrated to India during the period between 1st January, 1964 and 25th March 1971

(iii)  up to a maximum of 8 years: if the candidate repatriate or displaced person mentioned in para (2) supra belongs to scheduled castes, scheduled tribes or other backward classes as notified by Government of Madhya Pradesh and domiciled in Madhya Pradesh;

(iv)  upto a maximum of 5 years : if the candidate is a widow, divorcee or abandoned at the time of her first appointment.

(v)  upto a maximum of 2 years : if the candidate holds a green card in his/her name under the Family Welfare Programme.

(vi)  upto a maximum of 5 years : if the candidate is a forward-caste partner of a prize-winning couple under Inter Caste Marriage Scheme sponsored by the Tribal, Harijan and Backward Class Welfare Department as per GAD Memo NO. C-3-10/85/3/1 dated 03-09-1985.

(vii)  upto a maximum of 5 years : if the candidate is a sportsman honoured with the "Vikram Award" as per GAD Memo. No. C-3/8/85/3/1 dated 3rd of September 1985.

(viii)  upto a maximum of 3 years : in the case of Defence Services Personnel,
if one is disabled in military operations during hostility with a foreign
country or in a disturbed area and discharged from duty as a
consequence thereof.

(ix) up to a maximum of 8 years: if the candidate falling under the above
category (viii), belongs to the scheduled caste, scheduled tribe or other
backward classes.

(x) up to a maximum of 3 years: in the case of a candidate who is a
bonafide, repatriate of Indian origin (Indian passport holder) from
Vietnam as also a candidate holding emergency certificate issued to
him by Indian Embassy in Vietnam and who arrived in India from
Vietnam not earlier than July 1975;

(xi) up to a maximum of 8 years: if the candidate falling under category (x)
above, belongs to a scheduled caste, scheduled tribe or other backward
classes.

(xii) up to a maximum of 5 years: in case of Ex-servicemen and
Commissioned officers including ECOs/SSCOs who have rendered at
least five years military service as on 1st January preceding date of
commencement of examination and have been released on completion
of assignment (including those whose assignment is due to be
completed within six month from the said date) otherwise than by way
of dismissal or discharge on account of misconduct or inefficiency or
on account of physical disability attributable to Military service or on
invalidment;

(xiii) up to a maximum of 10 years: In case the candidate falling under
category (xii) supra belongs to the scheduled castes, scheduled tribes
and other backward classes;

(xiv) A candidate who is an ex-serviceman will be allowed to deduct from his
age the period of all defence service previously rendered by him
provided that the resultant age does not exceed the upper age limit by
more than three years.

(xv) For the permanent, temporary employees of the Madhya Pradesh
Government and for all classes of employees (including women
employees) working in the autonomous bodies of the state like
Corporations, Boards, Councils, Municipal corporations, Municipality
e tc, the maximum age limit prescribed is 38 years. The above
concession will also apply to work-charged staff and contingency paid
staff and persons employed/postings in project implementing
committees, (Enclose certificate from the competent authority)

(xvi) up to a maximum of 3 years: if the candidate is a retrenched
government servant, after deducting from his age, the period of all
temporary service previously rendered by him up to a maximum of
seven years, even if it represents more than one spell.

Explanation - The term retrenched government servant denotes a
person who was in temporary government service of the State of
Madhya Pradesh or any of its constituent units for a continuous period
of at least six months and who was discharged from service because of
reduction in establishment not more than three years prior to the date
of registration in the Employment Exchange or the date of application
made otherwise for employment in government service.

(xvii) Physically handicapped candidates shall have relaxation of 5 years in
the maximum age limit for class-II posts and of 10 years for class-III
services. The benefit of Handicapped category shall be granted only on
a minimum of 40% disability.

(xviii) up to a maximum of 10 years: According to Rule 4 of M.P. Civil
Services (Special Provision for Appointment of Women) Rules, 1997, all women candidates (which also include women from outside the State of Madhya Pradesh) shall be granted a relaxation of 10 years in the maximum age limit.

* Present Provisions

- As per *M.P. Civil Services (Special Provision for Appointment of Women) Rules, 1997*, Rule-4—there shall be age relaxation of 10 years for women candidates for direct appointment in all posts in the services under the state in addition to the age limit prescribed in any service rules or executive instruction.

(Notified wide Circular No. C-3–10/2012/3/One Dated 30.08.2012 of General Administration Department, Madhya Pradesh Government)

- Women candidates working in Government Service/Corporation/Board and Autonomous institutions, shall also be entitled to get the benefit of age relaxation for up to 10 years, but for all such categories of working women candidates, the maximum age limit shall be 45 years.

The above relaxation in maximum age limit shall not apply to regular recruitment in Police Force.

(As per the guidance provided by letter no. 969/1197/2012/श.प्र.एक, dated 06.08.2012 of General Administration Department, Madhya Pradesh Government.)

- The benefits of reservation and the relaxation in age limit thereof shall be with respect to the State of Madhya Pradesh. Therefore, the reservation and benefit of age relaxation to the candidates belonging to Scheduled Caste, Scheduled Tribe, Other backward classes, Women and Ex-serviceman shall be admissible only to the domicile candidates of Madhya Pradesh. Such candidates of the other states shall be treated under unreserved category.

Save as provided in Rule 6 (3), the age limits prescribed can in no case be relaxed. The candidates should note that the Commission shall accept only such date of birth as is recorded in the matriculation or secondary school examination certificate or certificate of an examination treated equivalent thereto. High School/Higher Secondary Certificate/Mark sheet, clearly mentioning the date of birth, must be attached compulsorily with the application form of the Main Examination, failing which the application form would be rejected. No other document relating to age such as horoscope, affidavit, birth-related extracts from Municipal Corporation service records and the like, shall be accepted. Once a date of birth has been recorded in the application form, request for any change therein shall not be considered under any circumstances and all such representations will be rejected. The application could be rejected on finding any dissimilarity between the information provided in the application form of the Preliminary Examination and that of the Main Examination.

8. (1) No male candidate who has more than one wife living, or who, having a wife living, marries in circumstances in which such marriage is void by reason of its taking place during the lifetime of such wife, shall not be eligible for appointment to any of the services, appointment to which is made as per the result of this examination, until the State Government is satisfied that there is some special justification/reason for doing so, and thereupon the government may grant exemption to such a male candidate from the operation of this Rule.

(2) No female candidate whose marriage is void by reason of the husband having a wife living at the time of such marriage or who has married a person who has a wife living at the time of such marriage, shall not be eligible for appointment to any of the services, appointment to which is made as per the result of this examination, until the State Government is satisfied that there is some special ground for doing so and thereupon the government may exempt such a female candidate from the operation of this Rule.
(3) A candidate shall be eligible for appointment only when, as per amendment brought about by the Government of rule 6 of Madhya Pradesh Civil Services (General Conditions of Service) Rules 1961, dated 10-03-2000.

(a) A male candidate is not married before 21 and a female candidate before 18 years of age.

(b) The candidate doesn't have a third offspring after 26th of January 2001.

9. A candidate must be in a good mental and physical health and free from any physical defect likely to interfere with the discharge of his duties as an officer of a particular service. A candidate who, after such medical examination as the government or the appointing authority, as the case may be, may prescribe, is found not to satisfy these requirements, shall not be appointed. Only such candidates as are likely to be considered for appointment, shall be medically examined.

10. The Commission cannot advise candidates as to their eligibility for any particular service. It is for the candidates themselves to see whether they satisfy the prescribed requirements (conditions) and whether it is worthwhile to apply. However, the attention of the candidates is drawn to the following physical standards laid down for certain services which is given in the table below, before applying the candidates should satisfy themselves that they fulfil the minimum requirements prescribed for such services, lest they should be disappointed later on. Examination of physical standards shall be conducted by the state government before making any appointment.

11. Success in the examination confers no right to appointment unless the government is satisfied after such inquiry as may be deemed necessary that the candidate is suitable in all respects for appointment to the service.
12. The decision of the Commission as to the eligibility of a candidate for admission to the examination or other matters shall be final. No representation or correspondence shall be entertained on this point. The admission to the preliminary examination shall be provisional. If on verification at any stage of selection, it is found that a candidate does not fulfil all the eligibility conditions, or gives false/erroneous information, his candidature shall be cancelled. If any of his claims is found to be incorrect, he may render himself liable to disciplinary action by the commission in terms of Rule 16 given below.

The mere fact that an admission card/letter to the examination has been issued to a candidate, shall not imply that his candidature has been finally/irrevocable accepted by the commission, or that the entries made by the candidate in his application form for the preliminary examination have been accepted by the commission as true and correct.

Preliminary examination is just a screening test, hence the commission doesn’t ask for any certificates to accompany the application form for the preliminary examination and eligibility for the examination is not inquired into at that stage. All the applicants shall be admitted to the preliminary examination without exception, but a close scrutiny of the application forms of the Main Examination will be done at the time of preparing the results of the Main Examination, that is, at the time of determining the eligibility of the candidates for interview. Application forms not enclosing the required certificates shall be rejected. Therefore, the candidates should thoroughly ensure their eligibility before applying, as to whether they fulfil the requirements/conditions laid down in the advertisement, lest they should be disappointed afterwards.

13. No candidate shall be admitted either to preliminary examination or Main Examination unless he/she holds an admission card issued by the Commission. If any error is observed in the admission card, it shall be the liability of the candidate to immediately contact the commission's office for correction thereof.

14. Application form, filled partially/erroneously/found with over writing/not signed at desired spaces/having missing self signed desired number of photographs or found without appropriate Bank Draft of requisite amount, shall be rejected.

15. (1) The candidates claiming any relaxation in age or any other concession must attach, with their application forms for the Main Examination, a photocopy of the appropriate certificate issued by the competent authority. A permanent caste certificate relating to Scheduled Castes, Scheduled Tribes or Other Backward Classes, issued by a sub-divisional officer (Revenue), who is authorized by the government of Madhya Pradesh to issue caste certificate must be attached compulsorily with the application form. In case of married women, the caste certificate held by their father alone will be accepted. If a candidate fails to produce permanent certificate of caste and other certificates in original, at the time of interview, his candidature shall be rejected for which the candidate himself shall be responsible. The candidates claiming any relaxation in age or any other concession must attach, with their application forms for the Main Examination, a photocopy of the appropriate certificate issued by the competent authority. A permanent caste certificate relating to Scheduled Castes, Scheduled Tribes or Other Backward Classes, issued by a sub-divisional officer (Revenue), who is authorized by the government of Madhya Pradesh to issue caste certificate must be attached compulsorily with the application form. In case of married women, the caste certificate held by their father alone will be accepted. If a candidate fails to produce permanent certificate of caste and other certificates in original, at the time of interview, his candidature shall be rejected for which the candidate himself shall be responsible. Any undertaking or representation by the candidates in this connection, while not accepting them, shall just be filed. In the absence of the required certificates, their cases for a claim to any relaxation/concession shall not be considered.

(2) A candidate claiming age concession as retrenched government servant of Madhya Pradesh, should produce in original a certificate from the Head of the Department or office from where he was retrenched, stating the designation of each post held by him, the date of appointment and leaving in respect of each post and also certifying that he was discharged because of reduction in establishment. He should also produce an attested copy of the certificate of his registration at the Employment Exchange, if any.

(3) A candidate claiming age concession as an ex-serviceman should produce in original a certificate from his last Ministry/Office indicating the dates of commencement and discharge in respect of his Defence service, and that he was retrenched or declared surplus as a result of the recommendation of the Economic Unit or due to routine reduction in establishment, as the case may be. He should also produce an attested copy of his
registration at the Employment Exchange, if any.

16. A candidate who has been found by the commission to be guilty of the following:-
   (1) obtaining support for his candidature whether in the written examination or interview by any means, or
   (2) impersonating, or
   (3) procuring impersonation by any person, or
   (4) submitting fabricated documents or documents which have been tampered with, or
   (5) making statements which are incorrect or false or suppressing therein material information at any stage of selection, or
   (6) resorting to any other irregular or improper means for obtaining admission to the examination, or
   (7) using or attempting to use unfair means in the examination hall, or
   (8) harassing, threatening or causing physical injury to the staff engaged in the conduct of examination, or
   (9) violating any of the instructions given to the candidates in their admission card or other directives including oral instructions given by the centre supervisor or other staff engaged in the conduct of examination, or
   (10) misbehaving in any other manner in the examination hall or in the interview, may, in addition to rendering himself/herself liable to criminal prosecution, be liable-
       (a) to be disqualified by the commission from the examination for which he is a candidate, and/or
       (b) to be debarred either permanently or for a specified period-
           (i) by the commission from an examination held or a selection made by it; and
           (ii) by the state government from employment under it; and
       (c) if he is already in service under the government, to a disciplinary action under appropriate rules, provided that no penalty under this rule shall be imposed except after-
           (i) giving the candidate an opportunity of making such representation in writing as he may wish to make in that behalf, and
           (ii) taking the representation, if any, submitted by the candidate within the period allowed to him, into consideration.

17. The application forms received after the prescribed date will not be considered, and the fees received with such forms will not be refunded. The commission shall not be responsible in the event of forms getting late, mutilated or lost during postal/courier services. **Only one application form will be accepted in one envelope.** Every such application form received in commission's office, either at the counter or by post, would be acknowledged and a registration number would be issued to the candidate as token of the receipt of application form. The fact that the application registration number has been issued to the candidate does not ipso facto mean that application is complete in all respects and has been accepted by the commission. No correspondence or representation will be entertained in respect of late receipt of application form. The decision of the commission as to eligibility or otherwise of a candidate for admission to the examination shall be final.

18. The commission reserves the right to allocate the centre or not, for examination to the candidate, keeping in view the preference recorded in the application form. It is not necessary and binding for the commission, to allocate the desired examination centre to candidate. Examination centres are allocated by the commission, keeping in sight the capacity of examination centres and administrative convenience. No application for change of centre or any other entry in the application form shall be entertained.

19. If a candidate wants to receive any communication from the commission on an address different from the one given in his application form, such a change in address should be communicated to the commission at the earliest, alongwith two self-addressed sufficiently stamped envelopes of 11.5 cm x 27.5 cm size, in which he must note down his registration number and the name of the
examination. Although the Commission make every effort to take account of such change they cannot accept any responsibility in the matter.

20. The commission shall not supply mark sheets in respect of preliminary examination as it is only a screening test. As such, no correspondence will be entertained in this connection. However, the mark sheets of the Main Examination will be sent to the candidates after the publication of the final selection results.

There is no provision for revaluation of the examinations conducted by the commission. As such, no correspondence will be entertained in this connection.

21. Scheduled Caste/Scheduled Tribe/O.B.C.’s and the sightless handicapped candidates should choose an examination centre nearest to their place of residence, because travelling expenses will be payable to them from their place of residence up to the nearest examination centre only. Candidates domiciled in Madhya Pradesh, not already in service, and belonging to Scheduled Castes, Scheduled Tribes notified by the Government of Madhya Pradesh or to O.B.C.’s recognized by the state and the blind candidates, on taking the examination will be paid travelling expenses in cash under the current rules of the Madhya Pradesh Government by the Centre Superintendent at the centre itself before their return journey. For this, the candidates will have to provide the required declaration duly filled in to the Centre Superintendent, and also produce all the necessary certificates relating to the eligibility for the travelling allowance. Therefore they will be given travelling expenses only when they attach along with the Declaration form, a self-attested copy of the permanent caste certificate issued by a competent authority of Madhya Pradesh. Candidates of reserved categories domiciled in Madhya Pradesh/blind candidates, presenting themselves at the interview, will be paid travelling expenses by the office of the Madhya Pradesh Public Service Commission.

The various concessions given in the advertisement, for the candidates of Scheduled Castes, Scheduled Tribes and Other Backward Classes shall be applicable only to those who are domiciled in Madhya Pradesh and belong to Scheduled Castes and Scheduled Tribes notified as such by the Government of Madhya Pradesh and to Other Backward Classes recognized by the Madhya Pradesh Government. Scheduled Caste, Scheduled Tribe and O.B.C. candidates of other states will be considered as belonging to unreserved category. Reservation, relaxation in age limit and other benefits will not be allowed to the candidates belonging to the ‘creamy layer’ of the Other Backward Classes recognized by the Government of Madhya Pradesh.

22. The candidates finally selected for a particular service will have to undergo such training and pass such departmental examination as may be prescribed by the Government. They will be required to serve at any place in Madhya Pradesh and should be able to take immediately an appointment when offered. Candidates selected by the Commission for appointment as Deputy Superintendent of Police will have to execute a bond to serve the state for a period not less than three years as Deputy Superintendent of Police or in other similar capacity as the state Government may desire.

23. Repeal and Saving : All rules corresponding to these rules and in force immediately before the commencement of these rules are hereby repealed in respect of matters covered by these rules:

Provided that any order made or action taken under the rules so repealed shall be deemed to have been made or taken under the corresponding provisions of these rules.

By order and in the name of the
Governor of Madhya Pradesh,

(Y. Satyam)
Addl. Secretary
Govt. of Madhya Pradesh
General Administration Department
APPENDIX-I

PLAN OF EXAMINATION

1. The combined competitive examination comprises two successive stages :-

(1) State Services Preliminary Examination (Objective types) for selection of candidates for Main Examination, and

(2) State Services Main Examination (written and interview) for selection of candidates for the various categories of services and posts.

2. The preliminary examination will consist of two papers of objective type (multiple choice questions). Each paper will be set in accordance with the scheme given below :-

<table>
<thead>
<tr>
<th>Paper</th>
<th>Subject</th>
<th>Duration</th>
<th>Marks</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>General Studies</td>
<td>2 hrs</td>
<td>200</td>
</tr>
<tr>
<td>II</td>
<td>General Aptitude Test</td>
<td>2 hrs</td>
<td>200</td>
</tr>
</tbody>
</table>

3. This Examination is meant to serve as a screening test only. On the basis of marks obtained in this examination candidates are declared qualified for Main Examination. Final selection list will be prepared only on the basis of marks obtained in Main Examination and Interview.

4. (1) Both the question papers will be of objective type (multiple choice questions). Each question will have four probable answers grouped under A, B, C and D of which only one will be the correct answer. The candidate is required to record in the answer book, only A, B, C or D as may be adjudged by him to be the correct answer.

(2) Each question papers will consist of 100 questions of 2 marks each. The total marks for each paper will be 200 and time duration for each paper will be of 2 hours.

(3) Details of the syllabi for General Studies and General Aptitude Test of Preliminary examination as specified in Appendix-II.

(4) Each question paper will be in Hindi and English.

5. The number of candidates to be admitted to the Main Examination will be about Fifteen times the total number of vacancies to be filled in various categories of services and posts as indicated in the advertisement. Only those candidates who are declared by the Commission to have qualified in the preliminary examination under a particular advertisement will be eligible for admission to the Main Examination. To be eligible for main examination, candidates must secure a minimum of 40% marks in each question paper of preliminary examination. For Scheduled Caste /Scheduled Tribe/Other Backward Class and Handicapped Candidates the minimum qualifying marks will be 30%.

6. Main Examination will consist of a written examination and an interview test.

(1) Written Examination - The Written examination will consist of seven papers of conventional essay type questions as given below:

<table>
<thead>
<tr>
<th>(a) Compulsory Papers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Paper I</td>
</tr>
<tr>
<td>Paper II</td>
</tr>
<tr>
<td>Paper III</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>(b) Optional Papers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Paper IV</td>
</tr>
<tr>
<td>Paper V</td>
</tr>
<tr>
<td>Paper VI</td>
</tr>
<tr>
<td>Paper VII</td>
</tr>
</tbody>
</table>
(2) Interview Test - The interview test will carry 250 marks.

Note-
Qualifying marks for interview for unreserved candidates will be at least 33% marks in each paper and candidates belonging to Scheduled Caste/Scheduled Tribe/ Other Backward Class and Physically Handicapped categories, these minimum qualifying marks would be 23%.

7. List of Optional Papers for Main Examination:

<table>
<thead>
<tr>
<th>Code No.</th>
<th>Subject</th>
</tr>
</thead>
<tbody>
<tr>
<td>01</td>
<td>Agriculture</td>
</tr>
<tr>
<td>02</td>
<td>Animal Husbandry and Veterinary Science</td>
</tr>
<tr>
<td>03</td>
<td>Zoology</td>
</tr>
<tr>
<td>04</td>
<td>Botany</td>
</tr>
<tr>
<td>05</td>
<td>Chemistry</td>
</tr>
<tr>
<td>06</td>
<td>Physics</td>
</tr>
<tr>
<td>07</td>
<td>Mathematics</td>
</tr>
<tr>
<td>08</td>
<td>Statistics</td>
</tr>
<tr>
<td>09</td>
<td>Civil Engineering</td>
</tr>
<tr>
<td>10</td>
<td>Electrical Engineering</td>
</tr>
<tr>
<td>11</td>
<td>Mechanical Engineering</td>
</tr>
<tr>
<td>12</td>
<td>Commerce &amp; Accountancy</td>
</tr>
<tr>
<td>13</td>
<td>Economics</td>
</tr>
<tr>
<td>14</td>
<td>History</td>
</tr>
<tr>
<td>15</td>
<td>Geography</td>
</tr>
<tr>
<td>16</td>
<td>Geology</td>
</tr>
<tr>
<td>17</td>
<td>Political Science and International Relations</td>
</tr>
<tr>
<td>18</td>
<td>Public Administration</td>
</tr>
<tr>
<td>19</td>
<td>Sociology</td>
</tr>
<tr>
<td>20</td>
<td>Criminology and Forensic Science</td>
</tr>
<tr>
<td>21</td>
<td>Psychology</td>
</tr>
<tr>
<td>22</td>
<td>Philosophy</td>
</tr>
<tr>
<td>23</td>
<td>Law</td>
</tr>
<tr>
<td>24</td>
<td>Hindi literature</td>
</tr>
<tr>
<td>25</td>
<td>English literature</td>
</tr>
<tr>
<td>26</td>
<td>Sanskrit literature</td>
</tr>
<tr>
<td>27</td>
<td>Urdu literature</td>
</tr>
<tr>
<td>28</td>
<td>Anthropology</td>
</tr>
<tr>
<td>29</td>
<td>Military Science</td>
</tr>
</tbody>
</table>

8. Candidates will not be allowed to offer the following combination of subjects :-
   (1) Political Science and International Relations and Public Administration.
   (2) Anthropology and Sociology.
   (3) Mathematics and Statistics.
   (4) Agriculture and Animal Husbandry & Veterinary Science.
   (5) Of the engineering subjects, Viz. Civil Engineering, Electrical Engineering and Mechanical Engineering not more than one subject.
   (6) Of the literatures of Hindi, English, Sanskrit and Urdu Languages not more than one subject.

9. (1) Each paper will be of three hours duration.
   (2) The question papers for the examination will be of conventional essay type.
   (3) (a) Question papers other than language papers will be both in Hindi and English. Question papers of engineering subjects will be only in English.
   (b) The candidates will have the option to answer the question papers in Hindi or English except in the case of language papers.
   (4) Question No. 1 of each paper (Consisting 20 short answer questions each one is to be answered in one or two lines) will be Compulsory. Each question will carry 3 marks, maximum portion of the syllabi will be covered under these questions.

10. The details of the syllabi for both compulsory and optional subjects of main examination as specified in Appendix-III
APPENDIX-II
PRELIMINARY EXAMINATION
SYLLABI
FIRST PAPER: GENERAL STUDIES

1. General Science and Environment
Questions on general science and Environment (Environmental Ecology, Biodiversity & Climate Change) will cover general appreciation and understanding of science including matters of every day observation and experience as may be expected of a well educated person who has not made a special study of any particular scientific discipline.

2. Current Events of National & International Importance
In current events knowledge of significant National and International level will be tested.

3. History of India and Independent India
In History, questions of general knowledge related to social, economic and political aspects will be asked. Also, there will be questions on Indian National Movement and Development of Independent India.

4. (a) Geography of India
There will be questions of general knowledge relating to Physical, social and economic geography. It will also include questions on Indian Agriculture and Natural resources. There will be questions pertaining to demography and census of India.

(b) General Geographical awareness of world.

5. Indian Polity and Economy
Political system and constitution of the country, Panchayati Raj, social system, sustainable economic development, elections, political parties, plans, industrial development, foreign trade and economic and financial institutions.

6. Sports
Important games and sports tournaments, Awards, personalities and Renowned Sports Institutions of M.P., India, Asia and World.

7. Geography, History and Culture of M.P.
There will be questions related to the development of Mountains, rivers, climate, Flora and Fauna, Minerals transportation in the Geography of Madhya Pradesh. It will also have questions relating to important dynasties of M.P., Contribution of important dynasties in the History & Culture of Madhya Pradesh, There will be questions on Tribals, Arts, Architecture, Fine Arts and Historical personalities of M.P.

8. Polity and Economy of M.P.
Political system, Political parties and elections, Panchayati Raj, Social system and sustainable economic development of M.P.. This will also include questions on Industry, Plans, Economic programmes, business, demography and census of M.P.

9. Information and Communication Technology
Questions pertaining to characteristics, uses, and terminologies such as website, online, search engine, e-mail, video mail, chatting, video conferencing, hacking, cracking, virus and cyber crime.

SECOND PAPER : GENERAL APTITUDE TEST

1. Comprehension
2. Interpersonal skill including communication skill
3. Logical reasoning and analytical ability
4. Decision making and problem solving
5. General mental ability
6. Basic numeracy (numbers and their relations, order of magnitude etc.-Class X level) Data interpretation (charts, graphs, tables, data sufficiency etc.-Class X level)
7. Hindi Language Comprehension Skill (Class X level)

Note:- Question relating to Hindi Language Comprehension skill of Class X level will be tested through passages from Hindi language only without providing English Translation thereof in the question paper.
APPENDIX -III
MAIN EXAMINATION
SYLLABI FOR COMPULSORY SUBJECTS

GENERAL STUDIES

PAPER – I

1. **History of Modern India and Indian culture**
   The History of Modern India will cover history of the Country from about the middle of nineteenth century and would also include questions on important personalities who shaped the freedom movement and social reforms. The part relating to Indian culture will cover all aspects of Indian culture from the ancient to modern times.

2. **Geography of India**
   In this part, questions will be on the physical, economic and social geography of India.

3. **Indian Polity**
   This part will include questions on the Constitution of India, Political system, Indian Administrative system and related matters.

4. **Current National issues**
   This part is intended to test the Candidate’s awareness of current national issues.

5. **International Affairs & Institutions**
   This part will include questions on important events in world affairs and on international institutions.

6. **Indian Economy**
   In this part, questions will be on the planning and economic development in India, economic & trade issues, Foreign Trade, the role and functions of I.M.F., World bank, ADB, W.T.O. etc..

7. **Developments in the field of Science & Technology, Communication and Space**
   In this part, questions will test the candidate’s awareness of the developments in the field of Science & Technology, Communication and space and also basic ideas of computers.

8. **India and the World**
   This part is intended to test candidate’s awareness of India's relationship with the world in various spheres, such as the following:
   - Role of India in the context of world.
   - Foreign Affairs, External security and related matters, Nuclear Policy.

9. **Games & Sports**
   Questions will assess the awareness of candidates in respect of games and sports at international and national level. It will also have questions pertaining to different awards and personalities in the context of India.

10. **Indian Agriculture**
    Attempt will be made to assess the general awareness of candidates in respect of crops, white revolution, green revolution, agriculture production and their impact on development of rural economy.

---

GENERAL STUDIES

PAPER – II

Part - I

**General Introduction of Madhya Pradesh**

1. **Geography**
   General Introduction of Madhya Pradesh, area, topography and structure, physical and geographic areas and climate.

2. **Natural Resources of Madhya Pradesh**
   - Mineral Wealth.
   - Forest Wealth and Wild Life.
   - Agriculture and Live stock, Regional distribution of crops, planned development of Agriculture, Green Revolution, Development of Live stock.
   - Water Resources - Development of Irrigation and Irrigation projects.

3. **Human Resources**
   Population, Population Density, Urban and Rural population, Literacy and Labours.

4. **Energy Resources**
   Questions will attempt to assess the general awareness of candidates about the conventional and non-conventional sources of energy and their uses in human life.

5. **Industries**
   Attempt will be made to assess the general awareness of candidates about the types and size of industries and their impact on state economy.

6. **Environment**
   Questions will be related to environment and its protection, pollution, natural climates and their impact on quality of human life.
7. Planning and Evaluation
Attempt will be to assess the general awareness of candidates about different aspect of five year plans till date, various programmes of urban and rural development, economic planning and its evaluation and status of Madhya Pradesh in the context of Country.

8. Administrative Structure of Madhya Pradesh
Questions will be related to general knowledge of candidates about administrative units - Division, District, Tehsil and Development-Blocks; their relationship and administrative structure.

9. Rural and Urban Administrative Structure
Questions will be pertaining to the general knowledge of candidate about organization and administrative structure of Panchayati Raj, Municipality and Municipal corporation.

10. Games and Sports
Attempt will be made to assess the awareness of candidates related to organization, management and facilities for different games and sports. The questions will also be related to different State awards, and personalities and contribution of Government and non Government agencies.

Part – II
Culture, Literature, Music, Dance, Arts and History of Madhya Pradesh

1. Culture
The questions will be related to nature, types their salient features and impact on human life.

2. Literature
(1) Ancient - Kalidas, Bharthari, Bhavbhuti, Vanabhatta.
(2) Medieval - Keshav, Padmakar, Bhushan.
(4) Folk Literature / Dialects of Madhya Pradesh. Isuri, Singaji.

3. Music & Dance Tradition
(2) Dance tradition - Major styles of folk music, major folk dances.

4. Arts
Questions of general nature will be related to characteristics of Rock painting, folk panting, modern painting school and important painters. It will also have questions related to major folk and other theatres.

5. Major Scheduled Tribes
It will assess the general awareness of candidates related to names, characteristics, habitats, major fairs and festivals and cultural structure of major scheduled tribes. It will also have questions related to different programmes of State Government for the upliftment of Scheduled Tribes.

6. Programmes of State Government in the field of Culture
The questions will attempt to assess general knowledge of the candidate related to literacy academics and institutions. The questions will also be related to different Music and Fine Arts Schools and Cultural festivals. There will be questions awards given by the state for the significant contribution in the filed of literature, music and fine arts.

7. Archaeological Heritage
The questions of general knowledge will be related to significance and characteristics of major historical, archaeological and tourist places.

8. Historical perspective of Madhya Pradesh
The questions will be related to creation of M.P. and important dynesties and rules of M.P., It will also have questions related to contribution of M.P. in freedom movement.

AGRICULTURE (CODE NO. 01)
PAPER - I

There will be two parts
PART I , Compulsory for all the candidates.
PART II, There will be two optional sections (A & B) Candidate will have to answer all the questions from the opted - one section.

PART - I
1. Elementary Agronomy

2. General Horticulture
Orchard planning (Soils, Climate, Nutrition, Training, Pruning, Flowering and fruiting problems and bearing habits), Bonsai. Nursery management and propagation methods. Types of vegetable gardening; Physiological disorders in vegetables and fruits. Principles and methods of preservation of important fruits and vegetables and processing techniques. Landscape, Floriculture including raising of ornamental plants. Design and layout of gardens.
3. **Basic genetics**

4. **Crop improvement**
Center of Crop diversity, mode of reproduction, variability in plants, Germsplasm Male sterility and self incompatibility. Heterosis and inbreeding depression. Breeding methods for crop improvement

5. **Plant protection**
Classification and symptoms of plant diseases, Principles of plant disease control including (exclusion, eradication, immunization and protection) Classification of pesticides and formulations. Agents and basic steps of biological control. Integrated diseases and insect pest management. Principle methods of control of stored grain pest and storage pests. Methods of rodent control. Spray equipments, their selection and maintenance. Safety precautionary measures during pesticide usage. Bee keeping (apiculture) and mushroom cultivation. Legal control - plant quarantine and insecticidal act.

6. **Basic agro-forestry**
Silvi-culture and agro-forestry, Classification of agro-forestry system; Waste land and watershed development through agro-forestry

7. **Elements of crop physiology**
Absorption and translocation of water and nutrients. Transpiration and water economy. Photosynthesis and respiration. Growth analysis and its importance. Photo-periodism and vernalisation. Growth hormones, senescence and post-harvest physiology (seed dormancy, storage physiology and fruit ripening)

8. **Organic farming**
Definition of organic Farming, Components and its role in sustainable Agriculture Bio-fertilizers, production and use; Role of neem Products in crop protection. Role of microorganisms in agriculture

9. **Dry land farming**
Dry land agriculture for sustaining agricultural production. Soil and Water management with special reference to dry land agriculture.

**PART - II**

There will be two optional sections (A & B) Candidate will have to answer all the questions from the opted section.

**SECTION - A**
Will be based on production & protection of the following main crops:

<table>
<thead>
<tr>
<th>Field crop groups</th>
<th>Cereals</th>
<th>Wheat, rice, maize and sorghum</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Pulses Crops</td>
<td>Pigeon pea ,chick pea, Urid and Mung</td>
</tr>
<tr>
<td></td>
<td>Oilseeds Crops</td>
<td>Soybean, groundnut, and rapeseed/mustard</td>
</tr>
<tr>
<td></td>
<td>Cash crops</td>
<td>Cotton and sugarcane</td>
</tr>
</tbody>
</table>

**SECTION - B**
Will be based on production & protection of the following horticultural crops :

<table>
<thead>
<tr>
<th>Horticultural crop groups</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fruits</td>
</tr>
<tr>
<td>Vegetable crops</td>
</tr>
<tr>
<td>Cole crops</td>
</tr>
<tr>
<td>Leafy vegetables</td>
</tr>
<tr>
<td>Flowers</td>
</tr>
<tr>
<td>Spices</td>
</tr>
</tbody>
</table>
1. **Seed technology**
   Seed technology: definition and importance. Varieties, Seed germination and dormancy. Planting value. Seed and variety deterioration. DUS and VCU test. Physical and genetic purity. Seed health. Seed legislation and certification; Classes of seeds; basic principles of Seed production and processing.

2. **Agricultural biotechnology**
   Methods and application of plant tissue culture; D.N.A. based marker gene cloning and tools for recombinant DNA technology.

3. **Agricultural economics and farm management**
   Agriculture marketing and its problems; Marketing costs, Profit margins and efficiencies. Cooperative marketing in India. EXIM policies and farm commodities for export. Barriers of export in context to WTO. Farm management, types and systems of farming and factors affecting them.

4. **Agricultural extension education**
   Rural society and institutions. Definitions, characteristics and importance of social stratification and culture. Agricultural extension- its importance; Importance and methods of extension training and evaluation. Importance of rural development programmes in India in post-independence period. Communication and diffusion of agricultural innovations. Role of KVKs in dissemination of agricultural technologies. Role and functions of ATMA.

5. **Agricultural statistics**

6. **Computer application in agriculture**
   Types and classification of computers. Data operating systems. Library function. Data management.

7. **Soil Science and Microbiology**

8. **Biodiversity and natural resource conservation**
   Natural resources (Forest and water), their management and conservation. Environmental pollution (air, water, soil and nuclear) and associated hazards to crops. Solid waste management. Utility of plant genetic resources in crop improvement. Germplasm collection and conservation.

9. **Food science and food biochemistry**

10. **Farm management**
    Farm management planning and budgeting. Role of farming systems in sustainable agriculture. Significance of farm mechanization in agricultural production.

---

**ANIMAL HUSBANDARY AND VETERINARY SCIENCE**

1. **Animal Nutrition**
   Metabolism of carbohydrates, proteins and fats. Requirements for maintenance, growth and production of milk, meat, work, eggs and wool. Mineral and trace elements. Metabolism, source and role of minerals and trace elements, their requirements for growth and production, deficiency syndromes. Vitamins, their sources, requirements, role in metabolism and deficiency syndromes. Feeding standards and measures of feed energy. Limitations of different feeding systems. Feeding practices in livestock in normal and drought conditions. Feed additives in the ration of livestock and poultry; antibiotics and hormonal compounds and other growth stimulators their uses and abuse. Preservation of feed.

Feeding infants and growing. Importance of colostrums. Feeding and care of expectant and nursing mothers.

2. **Genetics and Animal Breeding**
Application of computer for statistical analysis in animal farms and veterinary hospitals and epidemiology.

3. **Semen quality, preservation and artificial insemination**

Biochemistry of semen, Care, sterilization and storage of equipments used for artificial insemination.

Selection, care, training and maintenance of breeding bull for A.I.

4. **Livestock production and Management**

Comparison of diary farming in India with advanced countries. Dairying under mixed farming and as a specialized farming, economic dairy farming, starting of a dairy farm. Capital and land requirement organization of the dairy farm. Procurement of goods, opportunities in dairy farming, factors determining the efficiency of dairy animal. Herd recording, budgeting, cost of milk production, pricing policy; Personnel management.

Wild and zoo animal management

Management of pack animal

Management of laboratory animals & fish production.

5. **Milk Technology**

Defects in processing, packing, storing, distribution and marketing of milk and milk products and their remedial measures.

Nutritive properties of pasteurized, standardized, toned, double toned, sterilized, homogenized, reconstituted, recombined and flavoured milk.

Preparation of cultured milks. Cultures and their management. Vitamin D, acidified and other special milks. Legal standards and sanitation requirements for clean and safe milk and for the milk plant equipments.

Methods of preparation of butter, ghee, khoa, lassi, curd, ice cream and cheese.

6. **Hygiene**

Veterinary Hygiene with respect to water, air and habitation.

Duties and role of Veterinarians in a slaughter house to provide meat that is produced under ideal hygienic conditions.

By-products from slaughter houses and their economic utilization.

Methods of collection, preservation and processing of hormonal glands for medicinal use.

Sanitation of animal houses. Source of air pollution in animal houses and its effect on animal health and production.

7. **Extension**

Extension Education: evolution of extension education in India: classification of extension, teaching methods, audiovisual aids, their classification. Role of animals in the economy, health, sociopsychology of rural, semi urban and urban society (role of farm stock, companion animals, sports animals etc.)

Different methods adopted to educate farmers under rural conditions. Utilization of fallen animals for profit extension education, etc.

Design trysen : Different possibilities and method to provide self employment to educated youth under rural condition.

Cross breeding as a method of upgrading the local cattle.

**ANIMAL HUSBANDARY AND VETERINARY SCIENCE (Code No. 02)**

**PAPER-II**

1. **Anatomy**

Systemic embryology- stage wise study of embryo/ fetus of chicks, cattle, buffalo, sheep, goat and cat.

2. **Physiology**

Physiological relations and their regulations: mechanism of adaptation, environmental factors and regulatory mechanisms involved in animal behavior. Methods of controlling climatic stress.

Physiology of circulation, respiration excretions, digestions and reproduction.

3. **Pharmacology**

Pharmacology of drugs acting on gastrointestinal, cardio-vascular, urinary, respiratory, nervous, genital systems and endocrines. Therapeutic agents against bacteria, protozoa fungi, parasites and
insects, including their mechanism of action. Common toxic compounds and plants their effects and treatment.

Use of anticancer agent in animals, pharmacological and therapeutic efficacy of indigenous drugs

4. Diseases

Common livestock and poultry diseases caused by bacteria, fungi protozoa, viruses and parasites pertaining to their causal agents, epidemiology, symptoms, diagnostic methods, treatment and prevention. Important zoonotic diseases. Toxicity caused by agrochemicals and environmental toxicity. Methods of collection and dispatch of material for laboratory diagnosis.

Principles of immunity and immunization:
Principles of epidemiology, public health aspects of food products of animal origin (meat, egg, milk and fish) their inspection and marketing.

5. Surgery

Anaesthesia in animals.
Common surgical affections of different systems of the body. Diseases of locomotion system with special reference to soundness, health identification, principles of radiology.

Electrotherapy in veterinary practice.
Familiarisation with fluoroscopic examination and ultrasonography

6. Jurisprudence

Laws relating to offences affecting public health.
Laws relating to adulteration of drugs
Evidence procedure in court
Legal duties of veterinarian
Code of conduct and ethics for veterinarian.

ZOOLOGY (CODE NO. 03)

PART - I

Structure, general organization and Biology of nonchordata and chordata, ecology ethology, economic zoology and Laboratory methods.

1. Non-chordata and chordata

(1) Classification and relationship of various phyla upto sub-classes.
(2) Protozoa - Structure, locomotion, nutrition, reproduction; and life history of Paramaecium, Monocystis, Plasmodium, Trypanosoma and Amoeba.
(3) Porifera - Structure, histology, Skeleton, canal system and reproduction in sycon
(4) Coelenterata - Polymorphism, defensive structures and their mechanism; coral reefs and their formation; metagenesis; general features and life history of Obelia and Aurelia.
(5) Platyhelminthes - Parasitic adaptation; general features and life history of Fasciola and Taenia and their relation to man.
(6) Nemathelminthes - General features, life history and parasitic adaptation of Ascaris; Nemathelmints in relation to man.
(7) Annelida - Coelom and metamerism; general features and life history of Neanthes, Pheretima and Hirudinaria.
(8) Arthropoda - External features, organ systems and life histry of prawn, scorpion and cockroach. Mouth parts in insects (cockroach, mosquito, housefly, honey bee and butterfly); metamorphosis in insects and its hormonal regulation; social organization in insects (termites and honey bees).
(9) Mollusca - Feeding, respiration, locomotion, general features and life history of Unio & Pila. Torsion and detorsion in gastropods.
(10) Echinodermata - General features, Feeding, respiration, water vascular system and locomotion of Asterias.
(11) Protochordata - Origin of chordates; general features and life history of Herdamania and Branchiostoma.
(13) Amphibia - Parental care, neoteny & paedogenesis.
(14) Reptilia - Poisonous and non poisonous snakes of M.P. - Biting mechanism of snakes.
(15) Aves - Flight adaptation and migration.
Mammalia - Structural peculiarities and phylogenetic relation of profotheria and methatheria
Comparative functional anatomy of following systems of vertebrates-integument and its derivatives, endoskeleton (limbs and girdles only), digestive system, respiratory system, circulatory system (heart and aortic arches only) urino-genital system, brain and sense organs (eye and ear only).

PART - II

1. Ecology

(1) Biosphere - Biogeochemical cycles, green-houses effect, ozone layer and its impact; ecological succession.
2. Ethology
(1) Behaviour - Learning, instinct, habituation, conditioning, imprinting.
(2) Role of hormones in drive; role of pheromones in alarm spreading; social behaviour in insects and primates; courtship (Drosophila, 3-spine stickleback and birds). Biological clock and circadian rhythms.

3. Economic Zoology
(1) Apiculture, sericulture, lac culture, carp culture, pearl culture, prawn culture.
(2) Major infectious and communicable diseases (small pox, plague, malaria, tuberculosis, cholera and AIDS) their vectors, pathogens and prevention. Insects and diseases in relation to man.

4. Laboratory techniques
(1) Study of pH meter
(2) Chromatography-(paper and thin layer)
(3) Microtomy
(4) Preparation of fixatives, stains and reagents
(5) Museum keeping & preservation
(6) Skeleton preparation and taxidermy.

ZOLOGY (CODE NO. 03)
PAPER - II

Cell Biology, genetics, evolution, systematics, biochemistry, physiology and embryology

PART - I

1. Cell Biology
(1) Structure and function of cell and its organelles (nucleus, plasma membrane, mitochondria, Golgi bodies, endoplasmic reticulum, ribosomes and Lysosomes), cell division (mitosis and meiosis), cell cycle.
(2) Watson-Crick model of DNA, replication of DNA,
(3) Protein synthesis.
(4) Cell fusion.

2. Genetics and biotechnology
(1) Genetic code.
(2) Sex chromosomes and sex determination in Drosophila, and man.
(3) Mendel's laws of inheritance, recombination, linkage, and crossing over, multiple alleles, inheritance of blood groups.
(4) Mutations and mutagenesis : radiation and chemical.
(5) Cloning technology, plasmids and cosmids as vectors, transgenics, transposons, DNA sequence cloning and whole animal cloning (Principles and methodology).
(6) Regulation and gene expression in pro-and eu-karyotes.
(7) Congenital diseases in man.
(7) DNA finger-printing.

3. Evolution and systematics
(1) Origin of life
(2) Lamarck and his works.
(3) Darwin and his works.
(4) Sources and nature of organic variation.
(5) Natural selection.
(6) Isolation.
(7) Concept of species and sub-species, principles of classification, zoological nomenclature and international code, cladistics.
(8) Fossils,
(9) Geological eras.
(10) Distribution of animals, zoogeographical realms of the world.

PART - II

1. Biochemistry
(1) Structure and role of carbohydrates, fats, lipids, proteins, aminoacids, nucleic acids.
(2) Glycolysis and Krebs cycle, oxidation and reduction, oxidative phosphorylation; energy conservation and release, ATP, cyclic AMP-its structure and role.
(3) Hormone and their function.
(4) Enzymes: types and mechanisms of action and co-enzymes.
(5) Immunoglobulin and immunity.
2. Physiology (with reference to mammals)
   (1) Composition and constituents of blood; its coagulation, factors and mechanism of coagulation; thermo regulation. Blood group and Rh factor in man.
   (2) Oxygen and carbon dioxide transport; haemoglobin: constituents and its role in regulation, of gaseous transport.
   (3) Nutritive requirements; role of salivary glands, liver, pancreas and intestinal glands in digestion and absorption.
   (4) Excretory products; nephron and regulation of urine formation; osmoregulation.
   (5) Types of muscles, mechanism of contraction of skeletal muscles.
   (6) Neuron, nerve impulse-its conduction and synaptic transmission; neurotransmitters.
   (7) Vision, hearing and olfaction in man.
   (8) Mechanism of hormone action.
   (9) Physiology of reproduction, role of hormones in reproduction.

3. Embryology
   (1) Gametogenesis, fertilization, types of eggs, cleavage, development up to gastrulation in Branchiostoma, frog and chick. Metamorphosis in frog, formation and fate of extra embryonic membranes in chick and mammals. Types and functions of placenta in mammals;
   (2) Paedogenesis and neoteny.
   (3) Growth, regeneration and aging.
   (4) In vitro fertilization; embryo transfer, cloning.

BOTANY (CODE NO. 04)
PAPER - I
MICROBIOLOGY, PATHOLOGY, PLANT GROUPS, MORPHOLOGY
ANATOMY TAXONOMY AND EMBRYOLOGY OF ANGIOSPERMS

1. Microbiology
   Structure, classification, reproduction and economic importance of Virus, phytoplasma (mycoplasma), bacteria and cyanobacteria. Microbes in industry and agriculture.

2. Plant Pathology
   Knowledge of plant diseases caused by fungi, modes of infection and methods of control.

3. Plant Diversity
   Structure, reproduction, life history, classification and economic importance of algae, fungi, bryophytes pteridophytes and gymnosperms.

4. Angiosperms

5. Taxonomy

BOTANY (CODE NO. 04)
PAPER- II
CELL BIOLOGY, GENETICS AND EVOLUTION, PLANT PHYSIOLOGY, ECOLOGY AND ECONOMIC BOTANY

1. Cell Biology

2. Genetics and Evolution
   Mendelism, concept of gene, structure and types of DNA and RNA, genetic code, protein synthesis and regulation. Theories of organic evolution and evidences.

3. Plant Physiology

4. Ecology

5. Economic Botany
   Plants as sources of food, fodder, fibers, spices, beverages, medicines and timber.
1. Symmetry
Symmetry elements and symmetry operations. Recognition of symmetry point group and symmetry elements in AB₂ and AB₃ molecules.

2. Atomic structure
Idea of de Broglie matter waves. Heisenberg's uncertainty principle, Schrödinger wave equation (time independent). Significance of密切 and密切², particle in one-dimensional box, quantum numbers, radial and angular wave functions, shapes of s, p, d and orbitals, Aufbau principle, Hund's multiplicity rule, Pauli exclusion principle. Effective nuclear charge.

3. Chemical bonding
Ionic bond, percent ionic character from dipole moment and electronegativity difference, characteristics of ionic compounds, factors affecting stability of ionic compounds, lattice energy, Born-Haber cycle; covalent bond and its general characteristics, polarities of bonds in molecules and their dipole moments. Valency bond theory, concept of resonance and resonance energy. Molecular orbital theory (LCAO method); bonding in homonuclear and heteronuclear molecules: H₂, H₂ to Ne₂, NO, CO. The concept of hybridization, character of bonds, bond angles and bond length. Hydrogen bonding and van der Waals forces. Metallic bonding.

4. Solid State

5. Thermodynamics
Thermodynamic systems, states and processes, work, heat and internal energy; first law of thermodynamics, work done on the systems and heat absorbed in different types of processes; calorimetry, energy and enthalpy changes in various processes and their temperature dependence. Second law of thermodynamics; entropy as a state function, entropy changes in various processes, entropy-reversibility and irreversibility, Free energy functions; criteria for equilibrium, relation between equilibrium constant and thermodynamic quantities; Nernst heat theorem and third law of thermodynamics.

Thermodynamics derivations of -
Gibbs-Helmholtz equation,
law of mass action and
Clapeyron-Clausius equations.

6. Electrochemistry
Conductivity and its applications to determine -
Dissociation constant of weak electrolyte
Solubility product of sparingly soluble salts
Conductometric titration.
Debye-Huckel theory of strong electrolytes.
Galvanic cells, concentration cells; electrochemical series, measurement of e.m.f. of cells, fuel cells and batteries.
Processes at electrodes; double layer at the interface of metal and solvent; rate of charge transfer, current density; overpotential.

7. Chemical kinetics
Concentration dependence of rate of reaction; differential and integral rate equations for zeroth, first, and second order of reactions. Effect of temperature and pressure on rate constant. Collisions and transition state theories.

8. Photochemistry
Absorption of light; decay of excited state by different routes; photochemical reactions between hydrogen and halogens and their quantum yields.

9. Surface phenomena and catalysis
Absorption from gases and solutions on solid adsorbents, Freundlich and Langmuir adsorption isotherm; determination of surface area, characteristics and mechanism of reaction on heterogeneous catalysts.

10. Bio-inorganic chemistry
Essential and trace elements in biological processes, metalloporphyrins with special reference to haemoglobin and myoglobin. nitrogen fixation, oxygen-uptake proteins, cytochromes and ferredoxins. Biological role of alkali and alkaline earth metal ions.

11. Coordination chemistry
(1) Introduction to bonding theories in transition metal complexes: Valency bond theory, crystal field theory, Ligand field theory and molecular orbital theory.
(2) Magnetic properties of transition metal complexes: Magnetic moment (spin only and with L-S coupling), orbital contribution to magnetic moment.

(4) Isomerism in coordination compounds. IUPAC nomenclature of coordination compounds; stereochemistry of complexes with 4, 5 and 6 coordination numbers; chelate effect and polynuclear complexes; trans effect and its theories; thermodynamic and kinetic stability of complexes.

12. General chemistry of inner transition elements

Lanthanides and actinides: Occurrence, separation, oxidation states and magnetic properties; lanthanide contraction.

CHEMISTRY (CODE NO. 05)

PAPER - II

1. Reaction mechanisms

General methods (both kinetic and non-kinetic) of study of mechanism of organic reactions illustrated by examples–use of isotopes, intermediate trapping, stereochemistry; energy diagrams of simple organic reactions–transition states and intermediates; energy of activation; thermodynamic control and kinetic control of reactions.

2. Reactive intermediates

Generation, geometry, stability and reactions of carbonium ions, carbanions, free radicals, carbenes and benzenes.

3. Name reactions

Aldol condensation, Claisen condensation, Perkin reaction, Knoevenagel reaction, Wittig reaction, Wolf-Kishner reduction, Cannizzaro reaction and von Richter reaction; benzoind synthesis, Fischer indole synthesis, Skraup synthesis, Sandmeyer reaction, Reimer-Tiemann reaction and Reformatsky reaction.

4. Synthetic polymers

Addition or chain growth polymerization free radical vinyl polymerization, ionic vinyl polymerization, Ziegler-Natta polymerization, vinyl polymerization Condensation or step growth polymerization. Polyesters, polyamides, phenol-formaldehyde resins, urea-formaldehyde resins, epoxy resins.

5. Photochemistry

Photochemical reactions of simple organic compounds, excited and ground states, singlet and triplet states, Jablonski diagram. Fluorescence and phosphorescence. Quantum yield and energy transfer process.

6. Organic spectroscopy

Problems pertaining to the structure elucidation of simple organic compounds using UV-visible, IR and NMR spectroscopy.

7. Heterocyclic compounds

Molecular orbital picture and aromatic characteristic of pyrrole, furane, thiophene and pyridene. Methods of synthesis and chemical reactions with particular emphasis on the mechanism of electrophilic substitution. Comparison of basicity of pyridene, piperidine and pyrrole. Preparation and reactions of indole, quinoline and isoquinoline.

8. Stereochemistry of carbon compounds

Elements of symmetry, chiral and achiral compounds. Fischer projection formulae; optical isomerism of lactic and tartaric acids, enantiomerism and diastereoisomerism; configuration (relative and absolute); conformations of ethane and n-butane, and cyclohexane. D, L-and R, S-notations of compounds containing chiral centres; projection formulae-Fischer, Newman and Sawhorse of compounds containing two adjacent chiral centres; meso and dl-isomers, erythro and threo isomers; racemization and resolution; geometrical isomers; E and Z notations.

9. Organometallic compounds

Preparation and synthetic uses of Grignard reagents, alkyl lithium compounds.

10. Active methylene compounds

Diethyl malonate and ethyl acetooacetate-applications in organic synthesis; tautom erism (keto-enol).

11. Analytical chemistry

PHYSICS (CODE NO. 06)
PAPER - I

1. Mechanics and Relativity
Conservative force field and potential energy, Gravitational potential, Motion under central force, Kepler's Law, Centre of mass and laboratory coordinate system. Coriolis force and its application's, Conservation of linear and angular momentum, Inertial and non inertial Frms, Michelson - Morley experiment and its implications. Galillean transformation, Lorentz transformation, length contraction, time dilation, velocity addition theorem. Variation of mass with velocity, mass energy equivalence, particle with zero rest mass.

2. Thermal & Statistical Physics

3. Optics

4. Electricity and Electronics
AC circuits, complex numbers and their applications in solving AC circuit problems. Transmission of electric power, Magnetic force on moving Charge, Biot Sevart law, Ampere's Law, Theory of diodes, Types of diodes and their applications. Characteristics of transistors, h parameters, bias stability, thermal runaway. FET: JFET and MOSFET, their construction, working and uses.

5. Sound and Acoustics

PHYSICS (CODE NO. 06)
PAPER - II

1. Quantum Mechanics
De-Broglies Hypothesis, Heisenberg uncertainty relation for $p$ and $x$, its extension to energy and time, consequences of uncertainty relation, gamma ray microscope, particle in a box. Schrodinger's equation, postulatory basis of quantum mechanics, operators, expectation values, transition probabilities, application to a particle in one and three dimensional boxes, harmonic oscillator.

2. Atomic Spectra
Hydrogen atom, natural occurrence of $n$, $l$ and $m$ quantum numbers, the related physical quantities, comparison with Bohr's theory. Spectra of hydrogen, deutron and alkali atoms, spectral terms, doublet fine structure, screening constants for alkali spectra for $s$, $p$ and $f$ states, selection rules, singlet and triplet fine structure in alkaline earth spectra, L-S coupling and J-J coupling, fine structure of hydrogen atom.

3. Molecular Spectra and Spectroscopy
Discrete set of electronic energies of molecules, quantization of vibrational and rotational energies, determination of inter nuclear distance, pure rotational and rotation - vibration spectra. Dissociation limits for the ground and other electronic states, transition rules for pure vibration and electronic vibration spectra. Raman effect. Stokes and antistokes lines, complementry character of Raman and infrared spectra, experiemental arrangement for Raman spectroscopy. Fluorescence & phosphorescence.

4. Solid State Physics
Lattices: Lattice types, lattice planes. Common crystal structures Laue's theory of X-ray diffraction, Bragg's Law, electrons in periodic potential; nearly free electron model (qualitative), energy bands, energy gap, metals, semiconductors, insulators, density of states, Fermi energy, Fermi velocity. Mobility of electrons and holes, Hall effect and Hall coefficient.

5. Nuclear Physics
Basic nuclear properties, general concepts of nuclear forces, working of nuclear detectors, G-M counter, proportional and scintillation counters, cloud chamber, spark chambers. Nuclear reactions, Q-value of nuclear reactions, nuclear fission and nuclear fusion (concepts), energy production in stars. Compound nucleus, direct reactions (concepts). Shell model, liquid drop model.

MATHEMATICS (CODE NO. 07)
PAPER - I

1. Abstract Algebra

2. Linear Algebra

3. Differential Calculus

4. Integral Calculus

5. Differential Equation

6. Vector Calculus
Differentiation of vector function, Gradient, divergence & curl in Cartesian, cylindrical & spherical coordinate, Higher order derivatives. Vector integration, Gauss's, Green's & stoke's Theorem, and their applications.

7. Analytical Geometry
Cartesian and polar coordinates in two and three dimensions. Second degree equations in two and three dimensions, Reduction to canonical forms. Straight lines, Shortest distance between two skew lines, plane, Sphere, Cone, Cylinder, Paraboloid, Ellipsoid, Hyperboloids of one and two sheets and their properties.

8. Statistics
Measures of central tendency:- mean, mode, median, measures of dispersion, range, inter quartile range, mean deviation, standard deviation skewness and kurtosis.
Probability - Events, sample space, probability of an event, addition and multiplication Theorem, Baye’s Theorem.
Theoretical Distributions - Binomial, Poisson, Normal distributions and their properties & use. Method of least square, curve fitting, correlation & regression. Partial & multiple correlation (up to three variables)
4. Partial Differential Equations

5. Linear Programming

6. Numerical Analysis
Numerical methods, solution of algebraic and transcendental equation of one variable by bisection, Regula-Falsi and Newton Raphson method. Solution of linear Equations by Gaussian Elimination and Gauss Jordan (direct) method. Gauss seidel \( \{ \text{Iterative} \} \). Method, Newtons (forward & backward) & Lagrange method of interpolation.

7. Boolean Algebra

8. Mechanics
Statics - Analytical conditions of Equilibrium of coplanar forces. Virtual works, catenary. Forces in three dimensions Poinsot's Central axis. Stable & unstable equilibrium.

   Dynamics - Velocities & acceleration along radial & transverse directions and along tangential and normal direction. Simple Harmonic motions - Elastic strings.

   Motion on smooth & rough plane curves. Motion in a resisting medium. Motion of a particle of varying mass.

STATISTICS (CODE NO. 08)
PAPER – I
PART - I

1. Descriptive Statistics

2. Probability Theory
   Important Concepts in Probability - Definition of probability – classical and relative frequency approach to probability, Richard von Mises, Cramer and Kolmogorov's approaches to probability, merits and demerits of these approaches. Random Experiment : Trial, sample point and sample space, definition of an event, operation of events, mutually exclusive and exhaustive events. Discrete sample space, properties of probability based on axiomatic approach, conditional probability, independence of events, Bayes theorem and its applications. Random Variables ; Definition of discrete random variables, probability mass function, idea of continuous random variable and its properties – moments, measures of location, dispersion, skewness and kurtosis, moment generating function, their properties and uses. Standard univariate discrete distributions and their properties : Discrete Uniform, Binomial, Poisson, Hypergeometric, Negative Binomial and Geometric distributions. Continuous univariate distributions- Uniform, normal, Cauchy, Laplace, Exponential, Chi-square, Gamma and Beta distributions. Bivariate normal distribution (including marginal and conditional
distributions) Chebyshev's inequality and applications, Statements and applications of weak law of large numbers and central limit theorems ( Lindeberg Leby, Liaponouv and De-Moiver’s )

PART - II

1. Statistical Methods
Sampling from a distribution ; Definition of a random sample, simulating random sample from standard distributions (Uniform, Exponential & Normal) . Concept of derived distributions of functions of random variables. Concept of a statistic and its sampling distribution. Point estimate of a parameter, Concept of bias and standard error of an estimate, Standard errors of sample mean and sample proportion, Sampling distributions of sum of binomial and Poisson distributions. Sampling distribution of mean of normal distribution.

Independence of sample mean and variance in random sampling from a normal distribution ( without derivation ). Statistical Tests and interval Estimation ; Null and alternative hypotheses, Types of errors, p-values . Statement of chi-square, t, and F statistics. Testing for the mean and variance of univariate normal distribution, testing of equality of two means and testing of equality of two variances of two univariate normal distributions.

Statistics (CODE NO. 08)

PAPER - II
PART - I

1. Sample Surveys
Sample Surveys. Concepts of population and sample., need for sampling. Census and sample survey, basic concepts in sampling, organizational aspects of survey sampling, sample selection and sample size. Some basic sampling methods- simple random sampling (SRS) with and without replacement. Stratified random sampling, systematic sampling, ratio and regression methods of estimation under SRS. Non sampling errors, acquaintance with the working (questionnaires, sampling design, methods followed in field investigation, principal findings etc.) of NSSO, and other agencies undertaking sample surveys.

2. Design of Experiments
Analysis of variance for one way and two-way classifications ( with one observation per cell ). Need for design of experiments, fundamental principles of design, basic designs – C.R.D., R.B.D., L.S.D. and their analysis. Factorial designs – 2^n ( n ≤ 4 ) designs, illustrations, main effects and interaction effects and confounding in 2^3 design.

PAPER - II

1. Measurement of mortality and life table
Crude death rate, infant mortality rates, death rate by cause, standardized death rate, complete life table-its main features, mortality rate and probability of dying, use of survival tables. Measurement of fertility : crude birth rate, general fertility rate, total fertility rate, gross reproduction rate, net reproduction rate.

2. Economic Statistics
Index number-its definition, applications of index numbers, price relatives and quantity or volume relatives of index numbers, use of averages, simple aggregative and weighted aggregative methods, Laspeyre’s Paache’s and Fisher’s index numbers, time and factor reversal tests of index numbers. Consumer Price Index.

3. Time Series Analysis
Economic time series, its different components. Illustrations, additive and multiplicative models, determination of trend, growth curves, analysis of seasonal fluctuations, construction of seasonal indices.

4. Statistical Quality Control
Importance of statistical methods in industrial research and practice, specification of items and lot qualities corresponding to visual gauging, count and measurements, types of inspection, determination of tolerance limits. General theory of control charts, causes of variation in quality, control limits, subgrouping, summary of out-of control criteria, charts for attributes, np-chart, p-chart, c-chart, U-chart. Charts for variables ; X̄ and R charts, design of X̄ and R Charts versus p-charts, process capability studies. Principle of acceptance sampling - problems of lot acceptance, stipulation of good and bad lots, producer’s and consumers risks, single and double sampling plans, their OC functions, concepts of AQL, LTPD, AOQL, average amount of inspection and ASN functions, rectifying inspection plans, Sampling inspection plans, Indian Standards Tables Part I ( including applications ).
1. Structural Analysis
Analysis of Determinate and Indeterminate Arches, their influence lines.
Rolling loads, influence lines for Determinate Beams and Pin-jointed Frames. Mullar Breslau’s Principle and influence lines for Indeterminate Beams and Frames.
Matrix Methods of analysis, Stiffness and Flexibility Matrices of Beams. Frames & Trusses, Elements of Plastic analysis.

2. Structural Design
(1) Steel Design
Factors of Safety and Load Factors.

(2) R.C. Design
Isolated and Combined footings, Raft Foundations.
Overhead, Resting on ground and Underground Water Tanks.
Design of Bunkers and Silos.
Methods and Systems of Prestressing, Anchorages. Losses in Prestress, Design of Prestressed Concrete Beams.

3 Construction Planning and Management
Detailed estimates, specifications, analysis and rates of various works in civil engineering .
Construction activity , work break down structures , scheduling through CPM and PERT analysis , cost optimization through network construction, Float times, Bar charts , Project control and supervision , cost reduction measures ,
Cost analysis and resource allocation ,
Fundamentals of engineering economics , methods of appraisal , present work, annual costs , benefit cost analysis , Types of tenders and contract conditions .

4. Environmental Engineering
Water Demand – Per capita Demand, Population Estimation methods
Water Quality Criteria for various uses viz. Domestic & Non-Domestic, Irrigation effects & significance of important parameters and permissible concentration as per relevant standards.
Transmission of Water- relative merits & demerits of various pipes viz C.I. G.I. Mild Steel.
Unit Processes & Operations for Water Treatment viz, Objectives and Design criteria of Sedimentation, Coagulation, Floculation, Chemical Sedimentation. Filtration ( slow sand & rapid sand), Disinfection, Softening.
Effluent Standards, River Standards.
Sewage System-Design of Sewer & Storm Sewer, Sewage Pumps.
Design of Screens, Grit Chamber.
Design of Primary Sedimentation tank.
Design of Biological Treatment Units viz Trickling filters, Activated Sludge Treatment and Secondary Sedimentation tank.
Waste Stabilization Ponds- Aerobic, Anaerobic & Facultative Ponds, design criteria and principles.
Sludge Treatment- Digestion & Sludge Disposal.
Septic Tanks-design criteria & working
Self Purification of Streams- oxygen sag curve.
Types of Pollution-Sources & effects of various pollution viz., Water, Air, Land & Noise, Relevant standards.
Rural Sanitation, Solid Waste- collection & disposal.
1. Water Resources Engineering

**Irrigation** - Necessity, Scope, Benefits & Effects.
Methods & Systems of Irrigation, their efficiencies. Water Distribution & Scheduling techniques. Crop Water Requirements, Evapotranspiration, Consumptive Use, Duty, Delta, Base Period their relation, Crop Rotation, Quality of Irrigation Water.

**River Training** - Objective & Methods, Concepts of Hydro Power Projects.

2. Transportation Engineering

**Railways** - Permanent Way, Sleepers, Rail Fastenings, Ballast, Points and Crossings, different types of Turn Outs.

Stations and Yards, Turn Tables, Signals and Interlocking, Level Crossing.

Classification of Roads.

Design and Construction of Flexible and Rigid pavements for Highway and Airfields.

Evaluation of Pavement Failure and Strengthening, Drainage of Roads.

Selection of Airport Sites, Windrose Diagram & Runway Orientation. Runway and Taxiway Geometric and Lighting.

**Bridge Engineering** - Selection of Site, Design Data collection, Hydraulic Design, Scour Depth for Bridge Foundation, Economic Span.

Type of Road and Railway Bridges, Design Loads and Forces, Impact Factor, Indian Loading Standards.

Super Structure & Sub Structure, Abutments, Piers, Wing Walls, Return Approaches.

3. Geotechnical Engineering

Capillary Water, Permeability, Factors Affecting Permeability, Lab and field methods. Permeability of stratified soil deposits.

Seepage Pressure, Quick Sand Condition, Flow Net, its properties & uses.

Stress distribution in soils, Boussinesq’s theory. Newmark’s Chart.

Consolidation and Settlement : Terzaghi’s theory, Consolidation test. Settlement computation. Time Settlement curve.

Compaction tests & their significance, factors affecting compaction.

Shear Strength Parameters, Shear Tests, Mohr Coulomb’s failure theory, Skempton’s Pore Pressure coefficients.

Earth Pressure at rest, Active and Passive Pressures, Rankine’s and Coulomb’s theory.

Bearing capacity, Terzaghi’s analysis, factors affecting Bearing Capacity, Plate Load Test.

Stability of Slopes, Swedish Slip Circle method and Bishop’s simplified method. Stability Number.

Sub-surface exploration. Methods, sampling, SPT, DCPT and Static Cone Penetration Test, Electrical Resistivity and Seismic method.

Essential features of Foundation, types, design criteria, Rafts.

Elements of Machine Foundation, Natural frequency, Amplification and Resonance.

Ground Improvement Techniques, Sand Drains, Soil Stabilization, Geotextiles.
ELECTRICAL ENGINEERING (CODE NO. 10)
PAPER - I

1. Circuit theory
Circuit Components, Network graphs, KCL, KVL, Circuit analysis methods: Nodal analysis, mesh analysis, basic network theorems; transient analysis : RL, RC and RLC Circuits; sinusoidal steady state analysis, resonance, Quality factor, balanced three phase circuit analysis. Frequency domain analysis Laplace’s transform, Fourier series (trigonometric & exponential), two port networks and their various parameters; Poles and Zeros driving point & transfer function. Passive filter design theory.

2. Electro Magnetic field Theory and Materials

3. Measurement and Instrumentation
Error analysis, Measurement of current, voltage, power, energy, power factor, resistance, inductance, capacitance and frequency Analysis of Bridges. Electronic measuring instruments: Multimeter, CRO, digital volt meter, frequency counter, Q-meter. transducers, measurements of non-electrical quantities by electrical methods, measurement of displacement, temperature, velocity, pressure, Signal conditioning. Date acquisition system.

4. Analog and Digital Electronics

5. Power Electronics
Semiconductor power devices: diode, transistor, SCR, triac, GTO, MOSFET & IGBT, triggering circuits. Phase Control rectifiers. bridge converters : fully Controlled and half Controlled, principles of choppers and inverters.

6. Signals and Systems
Representation and continuous time and discrete time signals and systems; Linear ime Invariant systems; Convolution, impulse response; time domain analysis of LTI systems based on convolution and differential equations, Fourier transform, Laplace transform, Z transform, transferfunction, sampling of signals, DFT, FFT, processing of analog signals through discrete time systems.

ELECTRICAL ENGINEERING (CODE NO. 10)
PAPER - II

PART -I

1. Control System

2. Microprocessors and Microcomputers
8 bit microprocessor 8085 : Architecture, CPU, module design, memory interfacing and I/O, interrupts, PPI 8255.

PART -II
Heavy Currents

1. Electromechanical energy Conversion
Principles of electromechanical energy conversion, Torque and emf in rotating machines, characteristics and performance analysis of DC machines and their starting and speed control. Transformers: Principles of operation and analysis, regulation, Three phase transformer, Three phase induction machines, and synchronous machines: Their characteristics and performance analysis, speed control. Special machines : Stepper motors, Brushless DC motors, switched reluctance motors, permanent magnet motors, Single phased induction motor (FHP motors) : Performance and analysis;

2. Industrial Drives & Utilisation
3. Power Systems Analysis and control
Performance evaluation of overhead transmission lines and cables, fundamentals of active and reactive power transfer, voltage control and power factor correction, per unit representation, Bus admittance and impedance matrices, Load flow study, Economic operation of power system, Symmetrical components, Analysis of symmetrical and unsymmetrical faults, concept of stability, swing curve and equal area criterion, static VAR systems, basic concepts of HVDC transmission, series and shunt compensation, FACTS. speed control of generators, tie line control and frequency control.

4. Switch gear and protection
Principle of over current, differential and distance protection, concept of solid state relays and circuit breakers various protection scheme for transmission lines, generator and transformer. Protection against surges.

PART - III

Light Current

1. Analog communication
Random variables - continuous, discrete, probability density functions, statistical averages, random signals, and noise, noise equivalent bandwidth, signal transmission with noise, signal to noise ratio, amplitude modulation, DSB, DSB-SC and SSB, modulators and demodulators, phase and frequency modulation, PM and FM signals, narrowband FM, generation and detection of FM and PM.

2. Digital communication
Pulse code modulation (PCM), differential pulse code modulation (DPCM), Delta modulation (DM), Digital modulation and demodulation schemes: Amplitude phase and frequency, keying schemes, (ASK, PSK, FSK), Error control coding, error detection and correction, linear block codes, convolution codes.

3. Satellite Communication, Radar and T
Satellite communication, general overview and technical characteristics earth station equipments, satellite link design, CNR of satellite systems, Radar: basic principles, pulsed systems: CW Doppler radar, FMCW radar, Phase array radar, television systems and standards, colour TV transmission and receiver systems.

4. Microwaves & Antenna
Electromagnetic radiation, Propagation of waves - ground waves, sky wave, space wave, tropospheric scatter propagation. Extraterrestrial communications. Antenna: Various types, gain, resistance, band-width, beam width and polarization, effect of ground. Antenna coupling; high frequency antennas; microwave antennas; special purpose antennas. Microwave Services: Klystron, magnetron, TWT, gun diodes, Impatt, Bipolar and FETs, Microwave integrated circuits. Microwave measurements.

5. Fiber Optic Systems
Multiplexing - Time division multiplexing, frequency division multiplexing, optical properties of materials, refractive index absorption and emission of light, optical fibers lasers and optoelectronic materials, fiber optic links.

MECHANICAL ENGINEERING (CODE NO. 11)

PAPER - I

Note : Use of Design Data Book is permitted.

Free body Diagram and Equilibrium; Trusses and Frames; Stress and Strains in Two Dimension; Mohr’s Construction; Beams – Bending Moment and Shear Force Diagram; Bending and Shear Stress Distribution; Torsion of Shafts; Thin and Thick Walled Pressure Vessels; Euler’s Theory of Column. Leaf and Helical springs.

2. Theory of Machines
Displacement, Velocity and Acceleration of Plane Mechanisms (Maximum 6 Links), Kliens’ Construction; Law of Gearing, Gear Tooth Profile, Epicyclic Gear Trains; Motion Analysis of Cam and Followers; Balancing of Rotating Masses, Reciprocating Masses – Hammer Blow, Tractive Effort and Swaying Couple; Power Transmission by Belt Drive; Analysis of Simple Band, Block, Band and Block Brakes; Dynamometers; Free Vibrating of Single Degree of Freedom Systems; Whirling of Shafts; Gyroscopic Stability of Shaft, Ship and Aeroplane.

3. Design of Machine Elements
Design Concepts; Theories of Failure; Design for Static and Dynamic Loading, Design of Bolted, Rivetted and Welded Joints; Design of Shaft and Coupling.

4. Production Engineering
Merchant’s Force Analysis, Tool Life and Tool Wear; Cutting fluids, Machinability and Machining Economics; Principles of Non-Traditional Machining Processes – EDM, ECM, USM & Laser; Principles of Design of Jigs and Fixtures; Limits, Fits and Tolerances; Comparators, Gauge Design; Measurement of Surface Roughness; Interferometry; Acceptance Test of Machine Tools.
5. Production Management
Production Planning and Control; Forecasting Models; Aggregate Production Planning; Material Requirement Planning; Inventory Control – ABC Analysis, EOQ Model; Linear Programming – Simplex Method, Transportation & Assignment Model; Simple Queuing Models; PERT & CPM; Quality Control in Manufacturing, Control Charts for Variables & Attributes.

MECHANICAL ENGINEERING (CODE NO. 11)
PAPER - II
Note: Use of Steam Table and Psychometric Chart are permitted.

1. Thermodynamics
Steady Flow Energy Equation; Entropy and Irreversibility; Availability and Available Energy; Detailed Analysis of Thermodynamic Cycles and their Limitations.

2. Fluid Mechanics and Machines
Continuity, Momentum and Energy Equations; Flow net; Turbulent Flow through Pipes; Velocity Distribution in Laminar and Turbulent Flow; Dimensional Analysis; Boundary Layer on a Flat Plate; Adiabatic and Isentropic Flow of Compressible Fluids; Classification of Hydraulic Turbines and Pumps; Specific Speed; Impulse and Reaction Turbines; Velocity Diagrams.

3. Heat Transfer, Refrigeration and Air Conditioning
Critical Thickness of Insulation; Conduction through Walls and Pipes; Heat Transfer from Fins; Dimensionless Numbers; Free and Forced Convection; Heat Exchange by Radiation between black and Gray Surfaces; Electrical Analogy; Heat Exchanger Classification; Effectiveness; LMTD and NTU Methods; Fouling Factor.

4. Energy Conversion Systems
Theories of Combustion in Compression Ignition and Spark Ignition Engines; Abnormal Combustion; Carburetion and Fuel Injection; Emissions from Engine and their Control; Modern Trends in IC Engines; Classification of Steam Turbines, Specific Speed, Velocity Triangles; Open and Closed Cycle Gas Turbine Plants; Nuclear Power Plants; Renewable Energy Sources.

5. Computer Aided Engineering
Introduction to CAD, 2D and 3D Drawing Concepts; Computer Aided Manufacturing – NC and CNC Machines, Methods of Part Programming; Elements of Robotics and Automated Material Handling System; FMS and Expert System.

COMMERCE AND ACCOUNTANCY (CODE NO. 12)
PAPER - I
Accounting, Auditing, Income Tax and Statistics

1. Company Accounts
Problems on amalgamations (absorption and reconstruction) and liquidation of joint stock companies. Analysis and interpretation of published Accounts. Valuation of shares and Goodwill.

2. Cost & Management Accounts:

3. Auditing

4. Income Tax

5. Statistics
Definition, scope & importance. Measurements of Central tendency, Dispersion, Skewness Correlation and Index Number.

COMMERCE AND ACCOUNTANCY (CODE NO. 12)
PAPER - II
Business Management & Finance

1. Concept of Modern Management

2. Human Resources & Industrial Relations
Recruitment, selection, induction and training systems. Wage payment, Motivation, Communication & Leadership styles, Causes of Industrial dispute & its settlement.
3. Marketing and Sales Management
Modern concept of marketing, Functions and process of marketing, Marketing - Mix Marketing, Research, Methods of Sales - Promotion, Advertisement and large scale retailing.

4. Business Finance

5. Financial Institutions & Indian Capital market
Monetary & Credit Policies of Reserve Bank of India. Principal constituents of Indian capital market. Role of stock exchanges and their main functions, Mutual funds : Evolution & expansion, Problem of Direct Foreign Investment in Indian Business and Industries. Disinvestment of Govt. holdings in Public sector undertakings in India.

ECONOMICS ( CODE NO. 13 )
PAPER - I
1. Economic activities and circular flow of income, nature of Micro and Macro economics. Basic problems of the economy, concept and measurement of National Income.
4. Price Theory - Price determination under different market conditions, pricing of factors of production.
6. Banking - Objectives and instruments of credit control. Monetary and credit policies in a planned developing economy.
7. Types and principles of taxation, Principles of public expenditure, Objectives and instruments of Fiscal Policy, Centre - state financial relations.
8. International Trade - Theories of International Trade, Trade Liberalization and W.T.O, Role of foreign capital in economic development, determination of exchange rates, balance of payments.
10. Environmental implications of development - Renewable and non renewable resources, Pollution - land, water, air and de-forestation.

ECONOMICS ( CODE NO. 13 )
PAPER - II
Indian Economy
1. Basic characteristics of Indian economy. Human and natural resources, Structure of Indian Economy and composition of India's National Income, problems of urban and rural economy.
4. Economic Reforms and social justice in India, Regulation of capital market, foreign currency market and foreign investment.
7. Indian Planning - objectives and strategies, achievements and failures of Indian Planning, Problems of Indian planning.
8. Study of Madhya Pradesh Economy - Natural resources, Human resources, Possibilities & Problems of Agricultural and Industrial development, State domestic product, Resource mobilization.

HISTORY ( Code No. 14 )
PAPER - I
INDIAN HISTORY
PART - I
1. Study sources of Ancient Indian History. Ancient Indian Traditions of Historical writing
2. Prehistoric Cultures in India. - Lower Paleolithic, Mesolithic and new Paleolithic.
5. Rise of Territorial States - (Republican States and Mahajanapadas) Rise of Religious movement in North India. Doctrines and social Dimension of Buddhism and Jainism.

8. **Gupta Empire** - administration, Economy, Changing pattern of urban development, architecture, art, literature and science.

9. **Post Gupta Times (up to 750 A.D.)** - Pallavas, Chalukyas and Vardhan, Political History of Northern and Peninsular India, Samanta (Feudal) system and Changes in political structure-Economy, Social Structure, culture, religion.

11. Invasion of Arabs, Gahznavi and Guris and their Impacts.

---

PART - II

1. Sources of Medieval Indian History, Traditions of Historical writing
2. **India under Delhi Sultanate** – Qutubuddin Aibak, Ilutmish, Razia and Balban. Khilji-Imperialism- Alaudin Khilji Conquests and reforms.
5. **Foundation of Mughal Empire**- Babur, Humayun, Shersah Suri- Conquests and administration.
8. **Mughal administration and Policies** - Social, religious and economic life, literature, architecture, painting, music, science and technology.
9. Rise and Expansion of the Maratha under the Peshwas. Third Battle of Panipat – Causes, Result and impact.

---

HISTORY (CODE NO. 14)

PAPER - II (Modern history)

PART - I

Modern Indian history

1. Sources of Modern Indian History, approaches of Modern Historical Writing
4. British – Maratha, British – Mysore relations, Subsidiary alliance of Wellesley – Maharaja Ranjit Singh and British – Sikh relations.
5. Establishment of supremacy of Lord Hastings and British rule in the 19th century. Reforms of Bantik, Dal Hausie’s Doctrines of Lapse and reforms.
8. **Primary Stage of Indian Nationalism** - Social Background, Peasants and Tribal revolt in the initial stage of Indian Nationalism Establishment of Indian National congress – Moderate phase and Extremists.
11. **Cripps mission, Shimla Conference, Cabinet mission, Subhash Chandra Bose (Indian National Army) communal politics and partition of India. Independence of India, Integration of Indian States in the Union. Salient features of the Indian constitution.**
14. Indo-Pak War 1971 and rise of Bangla Desh

**PART - II**

**Modern History of the World**

1. Industrial and Agricultural revolution, American war of Independence.
2. French revolution - Nepolian era (1799-1815), Vienna Congress, Concert of Europe.
3. American civil war, Liberalization in England, Politics of Democracy, 1815-1850
4. Rise of Nationalism in 19th century Unification of Germany and Italy.
5. 1871 to 1914 - Home and foreign policy of Germany Third republic of France - Foreign & Home Policy.
8. World politics between the two World wars - Nazisms, Hitlers home and Foreign policy, Fassistism - Mussoloni's home and foreign policy, Dictatorship in Japan.

**Geography (Code No. 15)**

**PAPER - I**

**PART - I**

**Physical Geography**

1. **Geomorphology**
   (1) Origin of the Earth- Theories regarding the origin of the earth.
   (2) Earth’s crust- Origin of rocks, their types, Interior of the earth, Theories regarding the origin of continents and mountains, Agents of denudation- Weathering and Erosion, Work of running water, underground water, glacier, wind and oceanic waves. Earthquakes, Volcanoes and their world distribution.
   (3) Landforms- Mountains, Plateaus and Plains-types and their world distribution

2. **Climatology**
   (1) Atmosphere: Structure and composition of atmosphere, Vertical distribution of atmospheric layers and their characteristics.
   (2) Temperature: Horizontal distribution of temperature.
   (3) Pressure and wind system: Pressure belts of the globe, Types of winds and their distribution, local winds, jet stream, Air masses and Fronts, Cyclones and Anticyclones and their related weather.
   (4) Humidity, Condensation and Precipitation: Measurement of humidity in the air, Types of condensation and precipitation, Distribution of precipitation over the globe.
   (5) Classification of Climates: The general classification of world climate by Koppen and Thornthwaite.

3. **Oceanography:**
   (1) Relief features of the ocean beds, Origin of continental shelf, continental slope and basims , ocean deeps and ocean canyons.
   (2) Temperature and salinity of oceans- causes and regional variations.
   (3) Oceanic movements: Waves, Currents and Tide.

**PART - II**

**Geographical Concepts, Human and Economic Geography**

1. **New Trends in Geography**
   Concept of distance, space, region, regionalization and regionalism, Environmental sustainability.
2. Human Geography
   (1) Population- growth, density and distribution in the world, Population problems of the developed and developing countries.
   (2) Settlements: origin, types and pattern of rural settlements, Process of urbanization, Morphology and functional classification of towns.

3. Economic Geography
   (1) Geography of primary production: Agriculture-wheat, rice, sugarcane, tea, coffee, cotton, rubber. livestock and fisheries.
   (2) Minerals: world production and distribution of iron ore, manganese, tin, and bauxite.
   (3) Power Resources; world distribution of coal, petroleum, and hydroelectricity.
   (4) Industries: Iron and steel, Cotton textile and Petro chemical industry, Major industrial regions of the world.
   (5) Transport and Communication: Major land, sea and air routes of the world, Changes in the world economy in the context of globalization.

GEOGRAPHY       (CODE NO. 15)
PAPER - II
Geography of India with special reference to Madhya Pradesh

1. Physical Aspects
Geological history of Indian sub-continent, Physiographic divisions and drainage system, Physical divisions of Madhya Pradesh.

2. Climate
Temperature and pressure conditions, Origin and mechanism of Indian monsoon, Distribution of rainfall, Climatic regions, Distribution of rainfall and water scarcity areas of Madhya Pradesh.

3. Soils and Natural Vegetation
Soil types and their distribution, Forest types and their distribution. Problems of soil erosion in Madhya Pradesh, Forest resources of Madhya Pradesh.

4. Population and Settlements
Growth, density and distribution of population, Population policies of India. Tribes of Madhya Pradesh, Process of urbanization in India, Problems of Indian cities.

5. Economic Aspects
   (1) Agriculture - Major crops- their distribution and changing pattern. Contemporary issues of agricultural sector- Impact of green revolution,Market economy and globalization and its impact on agriculture pattern and changing trends in M.P.
   (2) Minerals and Power Resources - Distribution and production of Iron ore, Manganese, Bauxite, Mica, Coal, Petroleum and Hydroelectricity
   (3) Industries - Factors of localization and distribution of Iron and Steel, Cotton textile, Sugar and Cement industries . Emerging industrial areas of Madhya Pradesh.
   (4) Trade and Transport - Indian road and rail transport network. Changing pattern of Indian international trade.
   (5) Regional Development and Planning - Concept of regional imbalance and regional planning. Problems and planning of hill areas, drought prone areas and flood prone areas. Narmada valley development in Madhya Pradesh.

Geology ( Code No. 16 )
PAPER – I
General Geology and Geodynamics, Geomorphology, Structural Geology Stratigraphy and Palaeontology

1. General Geology & Geodynamics

2. Geomorphology and Remote Sensing

3. Structural Geology
4. Stratigraphy

5. Palaeontology

GEOLOGY (CODE NO. 16)

PAPER – II

1. Mineralogy

2. Igneous and Metamorphic Petrology

3. Sedimentology

4. Economic Geology

5. Hydrogeology, Engineering Geology and Mining Geology

POLITICAL SCIENCE AND INTERNATIONAL RELATIONS (CODE NO. 17)

PAPER – I

PART - I

Political Theory

1. Indian Political Thinkers
Manu, Kautilya, MN Roy, Gokhle, Tilak, Gandhi,Nehru, Ambedkar and Periyar.

2. Western Political Thinkers

3. Approaches to the Study of Political Theory
Historical, Normative and Empirical.
4. Political Ideologies
Liberalism, Socialism, Marxism, Fascism Anarchism and Gandhyism,

5. Concepts
Sovereignty (Monistic and Pluralise ) Liberty, Justice, Equality, Power, Legitimacy, Authority and Political Obligation.

6. Democracy
Theories of Democracy (Classical, Elitist and Contemporary)

7. Behavioural Movement
Behaviouralism and Post – Behaviouralism , Decline of Ideology Debate.

8. Developmentalism
Concept of Political Development, Approaches to Political Development (Gabriel Almond, David Apter, Lucian W. Pye, and Samuel P. Huntington).

9. Modern Concepts
Systems theory, Structural-Functionalism, Political Culture, Political Socialization and Political Modernization.

10. Contemporary Theories
Post modernism, Feminism (Liberal, Marxist, Radical), Environmentalism.

PART - II

Government & Politics of India

1. Indian Freedom Movement
First War of Indian Independence 1857 Liberal – Extremist and Revolutionary movement, Non Co-operation, Civil Disobedience, Quit India Movement, Role of Women in freedom struggle.

2. History of Constitutional Development

3. Salient features of the Indian Constitution

4. The Executive
Theory & Practice, President, Prime Minister and the Council of Ministers, Governor, Chief Minister and the State Council of Ministers., The Bureaucracy.

5. The Legislature
Role and function of the Parliament & Parliamentary Committee, Lok Sabha & Rajya Sabha, State Legislative Council.

6. The Supreme Court and the High Courts, Judicial Activism, Public interest litigation (PIL)

7. Statutory Institutions / Commissions

8. Party System
Ideology of Political Parties, Fragmentation & regionalisation of political parties, Pressure groups, Patterns of coalition politics, Electoral behavior, Politics in Madhya Pradesh.

9. Class, Caste, Ethnicity and gender issues in Indian Politics, Politics of Regionalism, Naxalites Movement, Communalism, Backward class and Dalit movement.

10. Grassroots democracy
Pachayati Raj and municipal government, significance of 73rd and 74th amendments, grass root movement and Women’s Empowerment, Organization and functions of panchayati Raj System in Madhya Pradesh.

INDIA AND INTERNATIONAL RELATIONS (Code No. 17)
PAPER – II

PART - I

International Relations

1- Determinants of Foreign Policy - Domestic Compulsions, Geopolitics, Economic and Emerging Global order.

2- Theories of International Politics - System, Realist, Idealist, Decision making, Game Theory and Marxist.

4- Cold War and Post, Cold war, Disarmament and Arm’s control.

5- Non - Aligned Movement - Concept, Relevance in Contemporary Global order, South - South-Diologue and North - South Dialogue.

6- International Organisation - U.N. and its specialized agencies (ICL, ILO and UNICEF) Restructuring of the U.N.

7- Regional Organization - EU, SAARC, ASEAN & APEC.

8- Foreign Policy of Major Powers - U.S.A., Russia & China.
10. Major Issue of World Politics - Oil diplomacy and Iraq, Afghanistan Crisis, Major issue of International Politics after collapse of Soviet Union, International Terrorism

PART - II

India and the World

1. Determinants and characteristics of Indian Foreign policy, Continuity and Change.
2. India's relation with neighbors Pakistan, China, Bangladesh, Shrilanka and Nepal.
3. India's relation with USA, and Russia.
4. India and SAARC.
5. India and the Non - Aligned movement.
8. India and the Emerging International Economic order - Inter National Agencies, WTO, IMF & IBRD.
10. India and The Third World - Emergence as a Global Order.

PUBLIC ADMINISTRATION (CODE NO. 18)

PAPER – I

PART - I

Administrative Theory

2. New Public Administration concept of New Public Management, Good Governance, Concept and application, Ethics and Administration.
5. Hierarchy, Span of Control, Unity of command, Line and Staff agencies.
7. Decision making theory with special reference to Herbett Simon, Theories of Leadership, Communication, Morale, Motivation (Maslow and Herzberg).
8. Concepts of Accountability and Control, Legislative Executive and Judicial control over Administration.

PART - II

3. Meaning, nature and scope of Comparative Public Administration, Bureaucracy and Ecology.
4. Origin and purpose of Development Administration, Rigg's Prasmatic - Sala model, Bureaucracy and Development, Changing profile of Development Administration.
10. Role of Computers in Public Administration, E governance.
1. Evolution of Indian Administration, Kautilya, Mughal period and British Legacy.
2. Indian Constitution, Development, Preamble and Main Characteristics, Parliamentary Democracy, Federal System and Centre - State Relations.
3. The President, Prime Minister, Council of Ministers, Cabinet and its Committees, P.M.O. Central Secretariat, Ministries and departments.
5. Administrative Reforms, Reforms since independence, Reports of the Administrative reforms Commissions, Problems of their implementation.
6. Machinery of Planning, Composition and role, Planning Commission, Role of the National Development Council, Process of Plan formulation at Union and State levels, decentralized planning.
7. Role of Central and State Agencies in maintenance of law and order, Criminalisation of politics and administration.
8. Welfare Administration, Machinery for Welfare Administration at the National level. Special organizations for the welfare of the Scheduled Castes and scheduled Tribes, Welfare Schemes for Women and Children, Problems of Child labour.
9. Major issues in Indian Administrations, Problems of Centre State Relations, Values in Public Service and Administrative Culture, Development and Environmental issues. Indian Administration and Globalization.
10. Disaster management in India, Reservation policy in India, Women Empowerment, Role of NGOs in development.

**SOCILOGY ( CODE NO. 19 )**

**PAPER – I**

1. **Introduction to sociology**
   Meaning of sociology, the scientific and humanistic orientations to sociological study, Sociology and development, Sociology and professions.
2. **Social research**
   Meaning, Scope and significance of social research, Formulation and importance of Hypothesis, Methods and techniques - Observation, Interview, Schedule and Questionnaire, Sampling, Case study.
3. **Types of research**
   Basic and applied, Descriptive, Exploratory, Explanatory, Experimental.
4. **Sociological thinkers**
   Karl Marx, V. Pareto, Talcott Parsons, Mahrshi Arbindo, Mahatma Gandhi, B.R. Ambedkar.
5. **Individual and society**
   Social interaction, Social system, Culture and personality, Socialisation, Social values, Social Norms, Social Sanctions.
6. **Social stratification and mobility**
   Meaning, Forms and theories, basis of social stratification, Caste, Class and power.
7. Social Institutions
Family, Marriage and Kinship, Social structure, Functions and changing patterns.

8. Economic institutions
Pre industrial and industrial economic system, industrialization and its impact on society, Globalization and liberalization, Socio-economic determinates of development.

9. Political Institutions
Concept of state and bureaucracy, Good governance-Democratic form and Panchayatiraj, Leadership, Political-parties and voting behavior, Criminalization-of polities.

10. Social Change
Concept and theories, factors of social change, Functions and dysfunctions of religion, Modernization and development. role of Education in Social Change.

Sociology (Code No. 19)
PAPER – II

1. Ideological bases
Traditional Hindu Social organization Dharma, Ashrama, Karma, Purshartha, Socio-cultural dynamics through the ages - impact of Buddhism, Islam and the west, Factors of unity and change.

2. Caste system
Origin of caste system, Culture and structural views, Change and persistence of caste in modern India, Issues of equality and social justice, Emergence of Dalit consciousness.

3. Class structure
Agrarian and industrial class structure, Emergence of middle class, Elite formation in India.

4. Marriage, family and kinship
Marriage among different ethnic groups, Family structural and functional aspect, changing forms, regional variations in kinship system, impact of legislations and socio-economic change on marriage and family, Generation gap.

5. Agrarian social structure
Peasant society and agrarian systems, Social consequences of land reforms and Green Revolution, Emerging Agrarian class structure, Agrarian unrest.

6. Rural-urban social structure
Features and characteristics of rural and urban social structure Urbanism and urbanization, Slums, Environmental Problems, Poverty and indebtedness, Urban planning and development.

7. Tribal society
Meaning and characteristics of tribe and scheduled tribe, Constitutional provisions to determine scheduled tribe, Tribal economy, means of livelihood, Tribal movement and development, Bhil, Gonda, Korku.

8. Industry and society
Meaning and characteristics of industrialization, Occupational diversification, Trade- unions and human relations, Economic reforms-Liberalisation, Privatisation, Globalisation.

9. Education

10. Social problem
Alcoholism, Drug-addiction, AIDS, Prostitution, Gender discrimination, Youth unrest, Problems of elderly people, Bonded Labour, Corruption, Child Labour, Dowry.

Criminology & Forensic Science (Code No. 20)
PAPER – I

1. Criminology - Definition and scope
2. Crime trends in India (with reference to National Crime Records Bureau)
3. Crimes against children (Nature, extent and legal provisions)
4. Crimes against women (Nature, extent and legal provisions)
5. Crimes against Scheduled Castes and Scheduled Tribes (Nature, extent and legal provisions)
6. Pre-classical theories of crime
7. Classical theories of crime - Theories of hedonism and deterrence.
10. Radical theories of crime - Labelling theory, etc.
11. Punishment - Definition, theories and types
13. Institutional treatment of offenders
14. Prisons in India - organisation, Type and functions
15. Correctional services for jail inmates
16. Juvenile institutional and non-institutional services
17. Victims of crime and victim-compensation
18. Crime prevention planning

CRIMINOLOGY & FORENSIC SCIENCE (CODE NO. 20)
PAPER – II
1. Fingerprints - Patterns and types, development, lifting, preservation and comparison.
2. Foot and foot-wear prints - Importance, gait-pattern, preservation, lifting, casting and comparison.
3. Tyre and track marks - Importance, preservation and comparison.
4. Questioned documents - Types and examination, procurement of control samples, alterations, charred documents, class and individual characteristics of hand-writing, typed, printed and photo-stat matters and their comparison, indented writing and its development, disguised writing, seal and rubber stamp.
5. Firearms in criminal activities, classification, components of firearms, smooth-bore and rifled firearms, types and structure of cartridge, preservation and forensic examination of firearm, bullet and shell case. Gunshot residues, estimation of range of firing.
6. Poisons and toxicology - Definition, classification, types of poisoning, visceral samples for toxicological examinations, isolation and clean-up procedures, analysis of opiates, cannabis, dhatura, nux-vomica, ethyl alcohol, barbiturates insecticides, arsenic, mercury, lead and zinc.
7. Composition and analysis of blood, semen, saliva, urine and hair.
8. Composition and analysis of fibre, glass, paint, soil and cement.
10. Death investigation - Types of death, medico-legal causes, determination of sex & age, post mortem procedure, post mortem changes.
11. Wounds - Types and characteristics, ante mortem and post mortem wounds.
12. Scientific investigation of unnatural deaths (accidental, suicidal and homicidal), sexual offences, arson and explosive cases.

PSYCHOLOGY (CODE NO. 21)
PAPER-I
Foundations of psychology

1. Introduction and methods of Psychology
   (1) Psychology as a Science:
   (2) Definitions, relation to other social and natural sciences.
   (3) Methods, Observation, Experiment, Clinical and Case Study, Interview, Questionnaire, Survey and Content analysis.
2. Physiological bases of behaviour
   (1) Receptor, affecter and adjustor system. Genetic bases of behaviour, hormones - their role in physical growth, emotional activity and personality make-up.
   (2) Structure and functions of C.N.S. Autonomic nervous system.
   (3) Sensation - visual, auditory and skin senses: Structure and function.
3. Development of human behaviour
4. Attention and perception
5. Learning
6. Memory
7. Thinking and problem solving
   Concept formation processes. Problem solving - approaches : factors affecting creative thinking.
8. Intelligence and creativity
Concept and definition of intelligence. Theories of intelligence (Spearman, Thurstone, Guilford)
Measurement of intelligence and aptitude, Concept of I.Q. and multiple intelligence. Measurement of
creativity and relationship between creativity and intelligence.

9. Motivation & Emotion
Nature and kinds of motives. Physiological basis of motivation - Hunger & Thurst. Theories of
motivation - drive reduction and need hierarchy modal.
Emotion - Types & theories of emotions, physiological correlates and their measurement.

10. Personality
Concept and definition of personality. Theories of personality Freud, Adler, Jung, Sullivan, Allport,
Lewin, Erickson. Determinants of personality. Personality assessment - projective tests, personality
inventories, situational tests.

11. Social behaviour
Attitudes - Theories of attitude-change and measurement of attitudes. Social perception, impression
formation, attribution theory and interpersonal attraction. Group dynamics - conformity, group
cohesiveness and leadership.

PSYCHOLOGY (CODE NO. 21)
PAPER - II
Applications of Psychology

1. Psychological Measurement and Individual Differences
Characteristics & construction of Psychological test. Types of Psychological test (Intelligence,
Personality, Interest, Aptitude), uses & limitation of psychological test.

2. Educational Psychology
Learning processes in class room. Teacher effectiveness. Motivation for scholastic achievement.

3. Organizational and Industrial Psychology
Organizational climate. Organizational leadership. Organizational development. Communication &
Decision making.

4. Psychopathology & Clinical Psychology
Mental disorders - Symptoms & causal factors. Diagnostic procedures.
Cognitive therapies. Biofeedback therapy.

5. Counselling & Community Psychology
Need & principles of guidance & counselling. Counselling approaches (Directive, Non-directive,
Rational - Emotive, Behaviour Counselling) Organizing guidance programmes in schools and colleges,
Types of intervention in community psychology, primary, secondary & tertiary prevention
programmes.

6. Health Psychology
Models of health.
Health damaging and health promoting life styles & behavior. Cardio - vascular disease &
relaxation technique.

7. Other Applications of Psychology
Sports psychology - improving performance of sports. Exercising & physical fitness. Environmental
psychology - Effects of noise and pollution, effects of crowding & population density, effect of sensory
deprivation.

PHILOSOPHY (CODE NO. 22)
PAPER – I
Metaphysics and Epistemology

Candidates will be expected to be familiar with the following western and Indian theories of
epistemology and Metaphysics.

1. Western
(1) Rationalism - Descartes, Spinoza, Leibnitz
(2) Empiricism - Locke, Berkeley, Hume
(3) Critical Philosophy – Kant
(4) Idealism - Hegel
(5) Realism - Moore
(6) Pragmatism - William James
(7) Logical Positivism - A.J. Ayer
(8) Existentialism - kierkegaard and Sartre
(9) Theories of Truth - Correspondence, Coherence and Pragmatic.
2. Indian
(1) Carvaka - Theory of Knowledge, Materialism
(2) Jainism - Theory of Syadvada
(3) Bondage and liberation.
(4) Buddhism - Pratitya Samputpada, Ksanikvada, Nairatmya vada, Four Noble Truths.
(5) Samkhya - Prakriti, Purusa, Theory of Causation, Theory of Evolution
(6) Yoga - Astanga yoga
(7) Nyaya - Prama, Pramana, God, Liberation.
(8) Vaisesika - Categories, theory of Causation
(9) Mimamsa - Theory of Knowledge
(10) Vedanta - Brahma, Isvara, Atman, Jiva, Jagat Maya, Avidya, Moksha (Samkara and Ramanuja)
(11) Shankar's Anirvachaniya Theory of Error

PHILOSOPHY (CODE NO. 22)

PAPER - II

Socio-Political Philosophy and Philosophy of Religion

1. Socio-Political Philosophy
(1) Socio-Political values - Equality, justice, liberty and scientific temper.
(2) Marriage, family and gender equality.
(3) Study of following ideologies: Democracy socialism, fascism, communism, terrorism and sarvodaya.
(4) Theories of punishment.

2. Philosophy of Religion
(1) Religion, science and morality.
(2) God, proofs of His existence.
(3) Nature of religious experience, reason, revelation and mysticism.
(4) Problem of evil.
(5) Bondage and liberation.
(6) Religious tolerance and secularism.

LAW (CODE NO. 23)

PAPER - I

1. Constitutional Law of India
(1) Preamble to the Constitution.
(2) Fundamental Rights.
(3) Directive Principles of State Policy.
(4) Powers of the President of India and Governor of States.
(5) Indian Legislature.
(6) Indian Judiciary.
(7) Constitutional safeguards to Civil Servants
(8) Union and State Public Service Commissions.
(9) Amendment of the constitution.
(10) Public Interest Litigation.
(11) Protective Discrimination.

2. Administrative Law
(1) Development of Administrative Law.
(2) Delegated Legislation and Judicial and Parliamentary control over it.
(3) Principles of Natural Justice.
(4) Administrative Adjudication and Administrative Tribunals.
(5) Writs - Mandamus, Certiorari, Prohibition, Habeas corpus and Quo-warranto.
(6) Ombudsman - Lokpal, Lokayuktus and Central Vigilance Commission.
(7) Statutory Public Corporations and their control.

(1) Land and Land Revenue.
(2) Revenue officers and their powers.
(3) Procedure of Enquiry by Revenue Officer.
(4) Survey and Settlement.
(5) Assessment of Land Revenue.
(6) Record of Rights.
(7) Tenure holders - Their rights and obligations.
(8) Consolidation of Holdings.
1. **Law of Crimes** (Indian Penal Code, 1860)
   (1) Definition.
   (2) General Exceptions to criminal liability.
   (3) Joint and constructive liability (Sections 34, 141 and 149 I.P.C.)
   (4) Offences against Public Tranquility.
   (5) Offences against human body.
   (6) Offences against property.
   (7) Defamation.
   (8) Offences against women (Sections 292, 304-B, 354, 498-A & 509 IPC)

2. **Criminal Procedure Code, 1973**
   (1) Preliminary consideration, extent, applicability, definitions etc.
   (2) Constitution and Power of Courts.
   (3) (a) Police - Power of arrest, Search and seizure of property.
        (b) Power to investigate.
        (c) Preventive powers of Police.
   (4) Duty of Public to assist Police, Magistrate and to give information about certain offences.
   (5) Rights of the arrested person.
   (6) Process to compel appearances:
       (a) Summons
       (b) Warrant of arrest
       (c) Proclamation and attachment.
       (d) Other rules regarding processes.
   (7) Processes to compel the production of articles, things etc.
   (8) Consequences of irregularities of illegaties in search.
   (9) Jurisdiction of courts in inquiry and trial.
   (10) Conditions required for initiation of proceedings.
   (11) Complaints to Magistrates and Commencement of proceedings before Magistrates.
   (12) Charge.
   (13) Plea bargaining.
   (14) Different types of trials and procedure thereof.
   (15) General provisions relating to inquiries and trials.
       (a) Period of limitation (Chapter XXXVI C.R.P.C.)
       (b) Autrefois acquit and autrefois convict
       (c) Principle of estoppels.
       (d) Compounding of offences
       (e) Withdrawal from Prosecution.
       (f) Pardon to accomplice.
       (g) Legal aid to accused at State expense.
   (16) Bail and anticipatory bail.
   (17) Judgment.
   (18) Appeals.
   (19) Reference, Revision and Review.
   (20) Lok Adalat and Legal services.

3. **Law of Torts**
   (1) Negligence and Contributory Negligence.
   (2) Nuisance.
   (3) Principles of strict liability.
   (4) Vicarious liability including state liabilities.
   (5) Consumer dispute redressal agencies - their powers and functions.
   (6) Consumer Protection Act, 1986
   (7) Agencies relating to environmental protection - Powers, Functions and Remedies.

4. **Mercantile Law**
   (1) General Principles of Law of Contract (Section 1 to 75 of the Indian Contract Act, 1872).
   (2) Law of Indemnity, Guarantee.
   (3) Law of Bailment, Pledge and Agency.
   (4) Law of Sale of goods.
   (5) Law of Partnership.
   (6) Law Relating to Negotiable Instruments.
ENGLISH LITERATURE (CODE NO. 25)

PAPER - I
Elizabethan to Romantic Era

The paper covers the literary period from the Renaissance to the Romantic Movement. The candidates are expected to be acquainted with major literary movements, currents, besides the socio-cultural background of the periods. The course content intends to test the first hand knowledge of the candidates with regard to the major authors and their representative works:
